

APA REFERENCES LIST: PRINTED BOOKS

How to reference printed books, pamphlets, essays, and encyclopedias

A PRINTED BOOK:

- Provide the DOI even if you read it in print.
- Use the information from inside the **title page** and **copyright page**—not from the cover.
- Use the most recent copyright date as the **year of publication**. (Ignore printing dates.)
- The abbreviation “ed.” may be followed by designations such as “Revised ed.” or “Canadian ed.”
- Write the publisher's name, but omit corporate terms, such as “Company” and “Ltd.” When naming university presses, use “U” for university and “P” for press (e.g., U of Ottawa P).

A BOOK WITH MORE THAN ONE AUTHOR:

- List every author **up to and including 20**. If there are 21 or more authors, list the first 19 followed by an ellipsis (...) and the final author's name.
