

APA REFERENCES LIST: ONLINE REFERENCE WORKS

How to reference online encyclopedias and dictionaries, including Wikipedia

AN ONLINE DICTIONARY DEFINITION:

- If individual author(s) are credited, mention them in the reference. Otherwise, treat the dictionary as the author.
- If the online dictionary is continuously updated, use “n.d.” instead of the date and provide a date of retrieval.

Merriam-Webster. (n.d.). *Psychoanalysis*. In *Merriam-Webster.com dictionary*. Retrieved November 12, 2020, from <https://www.merriam-webster.com/dictionary/psychoanalysis>

AN ENTRY IN AN ONLINE ENCYCLOPEDIA:

- If an author (individual or group) is named, open the entry with that name.

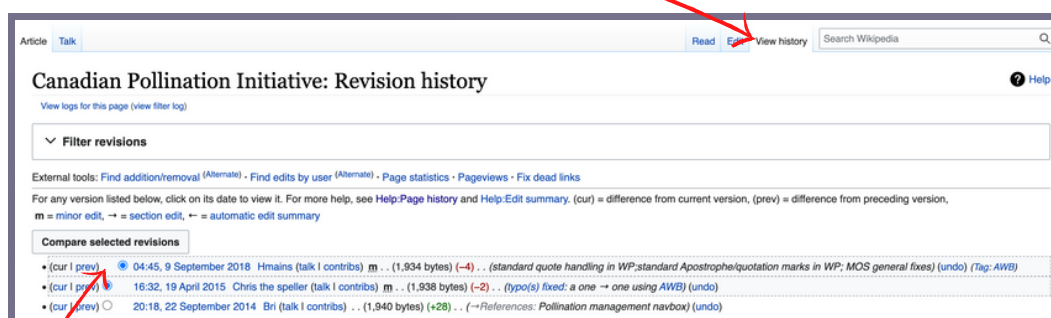

Encylopaedia Britannica. (n.d.). *Iceland*. In *Britannica.com encyclopedia*. Retrieved December 23, 2021, from www.britannica.com/.

Kumar, R. (2006). *Phobias*. In A. C. Jones & T. J. Holt (Eds.), *College encyclopedia of psychology* (3rd ed.). University of Roxboro. <http://www.psychsource.com/entries/phobias/>

A WIKIPEDIA ARTICLE:

- Check with your teacher whether you can cite Wikipedia. It is updated by the public and may not be accurate.
- You must provide a URL leading to the archived version of the article you consulted.

To find the archived page, click on “View history” at the top of the article page.

Click the **revision** of the article that matches the version you read. Use that page's **URL**. Include the date of the **revision** and the date you accessed the article.

Canadian pollination initiative. (2018, 9 September). In *Wikipedia*. Retrieved November 12, 2020, from https://en.wikipedia.org/w/index.php?title=Canadian_Pollination_Initiative&oldid=858719435
