

The background of the entire page is decorated with various autumn-themed elements. There are several large, detailed leaves in shades of orange, brown, and red, some with prominent veins. Interspersed among the leaves are small clusters of bright red berries on thin brown stems. The central text is contained within a light orange rectangular box.

FREQUENTLY ASKED QUESTIONS

What is a permanent code?

The **Quebec Permanent Code** is a government ID number created by the **Quebec Ministry of Education**. It is a unique identifying **code** assigned by the Ministry to all students who attend an educational institution in **Quebec** regardless of where they come from and regardless of their residency status.

How do I create a temporary permanent code?

In order to access the registration system you will need your Dawson ID number and your Permanent Code. If you have not studied in a Quebec high school or CEGEP, you will not yet have a Permanent Code. You can use the following as a "temporary" Permanent Code: Enter the first three letters of your last name, the first letter of your first name (as it appears on your Birth Certificate) and your birthday (day/month/year). **For students born in the year 2000 or later make sure to add 62 to the day of birth. Everyone must add 25 to the birth month regardless of what year they were born in.**

Example:

John Smith 09-05-1986 = SMIJ093086

Alex Smith 09-05-2000 = SMIA713000

Example:

Joanne Smith 07-09-1990 = SMIJ073490

Melanie Smith 07-09-2000 = SMIM693400

What is the deadline to drop a course?

In order to withdraw from a course, students must fill out a Course Drop Form online. The deadline to drop a course is **Tuesday, September 19, 2023.**

How much time do I have to pay my fees?

Fees must be paid in full upon registration. Students who do not pay their fees will have their **course registration cancelled and will remain liable for nonrefundable fees. Access to Omnivox services and waitlists will be blocked.** If a student registration is cancelled for nonpayment of fees, **the student must reapply in order to return in a subsequent semester.**

When do classes begin?

Classes begin on **Monday, August 21, 2023.**

When does registration begin and end?

Registration begins **August 7, 2023** at your given appointment time and ends **August 18, 2023** at 11:30 p.m. See details on page 3.

How do I get help if I have a problem registering?

If you are having difficulty with your online registration, please fill out a REGISTRATION HELP FORM found in the MyDawson Portal, under "My College Services/Continuing Education Registration Help Form". An operator or advisor will contact you as soon as possible and no later than two working days after your request is submitted.

Begins Monday, August 7 at 1:30 p.m. and ends on Friday, August 18, 2023 at 11:30 p.m.

FREQUENTLY ASKED QUESTIONS

How will Law 14 impact my studies?

The Quebec government recently passed **Law 14 (Bill 96)** that amends the Charter of the French Language.

This new law affects all Dawson students that **do not hold a Certificate of Eligibility for English instruction in Quebec** and are either:

- starting a new DEC program as of Fall 2023
- requesting a program transfer to a new DEC program for Fall 2023 (ex.: Science to Social Science, Social Science to ALC, any pre-university to any technical program or vice versa)

If this is your situation:

- You will have to meet the requirements of the new Law 14 and will therefore have to pass the Exit Exam in FRENCH in order to graduate.
- This new measure will also impact your progression chart. You will be required to pass three (3) preparatory courses for the French Exit Exam as part of your program and additional remedial courses, if necessary, depending on your placement level.

Here are the main differences between a progression chart of a Certificate holder and a non-certificate holder for French courses to be taken:

	Certificate Holder	Non-Certificate holder
French Courses	Must complete two (2) French second language courses: 602-1XX (Bloc A) course 602-BXX (Bloc B) course	Must complete three (3) French preparatory courses for the French Exit Exam. 602-UF0-DW * 602-UF1-DW ** 602-UF2-DW **
Exit Exam to obtain DEC	Must pass the English Exit Exam	Must pass the French Exit Exam

*The 602-UF0-DW course will replace your 1st complimentary course within your progression chart.

**The 602-UF1-DW and 602-UF2-DW will replace the French Second Language courses.

If you would like to obtain further information on Law 14, please consult the admissions FAQ's webpage [here](#).

ACADEMIC CALENDAR – FALL 2023 – IMPORTANT DATES

Wednesday, August 9, 2023	English exit examination for D.E.C. students.
Friday, August 18, 2023	End of Online Registration.
Monday, August 21, 2023 to Monday, December 11, 2023	Classes. See class schedule below.
Monday, August 28, 2023 Monday, August 28, 2023	Deadline for Late Registration. Course Change.
Tuesday, August 29, 2023	Last day to report grades for incomplete course work from the summer semester.
Monday, September 4, 2023	Statutory holiday
Tuesday, September 19, 2023	Last day for students to withdraw from courses.
Wednesday, September 20, 2023	Friday classes.
Friday, September 22, 2023	Wellness Day. No classes.
Saturday, October 7, 2023	No classes.
Monday, October 9, 2023	Statutory holiday.
Tuesday, October 10, 2023	Wellness Day. No classes.
Thursday, October 12, 2023	Thursday classes.
Friday, October 13, 2023	Pedagogical Day. No classes.
Wednesday, October 18, 2023	Mid-term assessment deadline.
Wednesday, November 1, 2023	Last day to apply for admission and program transfer for the winter semester. (Regular Day Division).
Wednesday, December 13, 2023	English exit examination for D.E.C. students.
Thursday, December 14, 2023 to Tuesday, December 19, 2023	Final examination period.
Thursday, December 28, 2023 **	Grade deadline.
Friday, January 26, 2024	Deadline to report grades for incomplete course work from the fall semester.

PLEASE NOTE: Thursday, October 12 is a Thursday schedule.

** The contractual deadline for all grade submissions is Thursday, December 28, 2023. However, it greatly facilitates the process of providing students with information (university entrance, pre-registration, off-site registration, etc.) if grades are submitted as early as possible.

CONTINUING EDUCATION CLASSES

Monday, August 21	First Monday class; first Monday/Wednesday class
Tuesday, August 22	First Tuesday class; first Tuesday/Thursday class
Wednesday, August 23	First Wednesday class
Thursday, August 24	First Thursday class
Friday, August 25	First Friday class
Saturday, August 26	First Saturday class

You are expected to be available for one week after your last scheduled class or until the end of the final exam period, if applicable.

Thursday, November 30	Final Thursday class
Tuesday, December 5	Final Tuesday class; final Tuesday/Thursday class
Wednesday, December 6	Final Wednesday class
Friday, December 8	Final Friday class
Saturday, December 9	Final Saturday class
Monday, December 11	Final Monday class; final Monday/Wednesday class

FINAL EXAMINATIONS

Thursday, December 14	6:30 p.m. - 9:30 p.m.	Examinations for Tuesday/Thursday classes
Saturday, December 16	9:30 a.m. - 12:30 p.m.	Examinations for Saturday classes
Monday, December 18	6:30 p.m. - 9:30 p.m.	Examinations for Monday/Wednesday classes

Teachers will announce at the beginning of term whether or not courses have final exams. **Students writing exams will be required to show their Dawson ID card.** The location of final exams will be confirmed in November and posted on the website.

FALL 2023 REGISTRATION

Please refer to the categories below to know how to proceed.

Students registered in the day division in Winter 2023

If you were registered in the Day division in Winter 2023 but now wish to study in Continuing Education, you must complete a **Program Transfer Form** through the Omnivox portal prior to registration.

Students with a "commandite" from other colleges

The advisor from your home college must submit a virtual commandite through the Online System by **Tuesday, August 15, 2023**. Only once admitted by Dawson College will you receive an email invitation for registration.

Continuing Education students registered in Winter 2023 and Students who apply by August 14, 2023 and are admitted for Fall 2023

Online Registration **ONLY** p 3

Online Course Change p 5

Students who apply between August 15, 2023 and August 21, 2023 and are admitted for Fall 2023

Late Online Registration p 4

Online Course Change p 5

CLASSES BEGIN MONDAY, AUGUST 21, 2023

**Please note: The Registrar's Office will close for summer holidays on July 6 and will reopen on July 24, 2023.*

**Please refer to The Continuing Education & Community Services (CECS) webpage for office hours and office closures.*

www.dawsoncollege.qc.ca/continuing-education/continuing-education-contact-us

ONLINE REGISTRATION

Begins August 7 at 1:30 p.m. and ends August 18 at 11:30 p.m. for:

- Continuing Education DEC program students

Begins August 8 at your given appointment time and ends August 18 at 11:30 p.m. for:

- All other returning Continuing Education students registered in Winter 2023
- New and former students who apply online by 11:30 p.m., August 14, 2023
- Students who submit a “commandite” by August 15, 2023

Begins August 14 at your given appointment time and ends August 18 at 11:30 p.m. for:

- AEC program students (Commercial Photography and Independent Video Game Design)

To find out at what time your personal registration begins, go to the Dawson College website and log on to MYDAWSON and consult My Omnivox Services, Course Registration.

REMINDER: YOU WILL NOT BE ABLE TO REGISTER AFTER AUGUST 18, 2023!

The earlier students register, the better chance they have to find space in the course(s) of their choice.

For step-by-step instructions on how to register, please see page 8.

HELP DURING REGISTRATION

If you are having difficulty with your online registration, please fill out a REGISTRATION HELP FORM found in the MyDawson Portal, under “My College Services / Continuing Education Registration Help Form”. An operator or advisor will contact you as soon as possible and no later than two working days after your request is submitted.

Begins Monday, August 7 at 1:30 p.m. and ends Friday, August 18, 2023 at 11:30 p.m.

ONLINE REGISTRATION GUIDE

New students are invited to view an online presentation about:

- Services available
- Course selection
- The registration process

The presentation is available at: <http://www.dawsoncollege.qc.ca/credit/fall/>

IMPORTANT INFORMATION ABOUT FEES AND PAYMENT

Fees must be paid in full upon registration. Students who do not pay their fees will have their **course registration cancelled and will remain liable for nonrefundable fees.**

Access to Omnivox services and waitlists will be blocked. If a student registration is cancelled for nonpayment of fees, **the student must reapply in order to return in a subsequent semester.**

LATE ONLINE REGISTRATION

Students who apply between August 15 and August 21, 2023 by 11:30 p.m. and are admitted for Fall 2023 will be invited to Late Online Registration:

- from **August 24 at 1:00 p.m. to August 25 at 11:30 p.m.**

Please note that limited space may still be available for students registering at Late Online Registration. There is no guarantee of access to any specific course or section. Please consult your *My Dawson* portal under “*My College Services/Course Seats available*” for the list of courses still available. For step-by-step instructions on how to register, please see page 8.

If you are having difficulty with your late online registration, please see instructions below.

HELP DURING LATE ONLINE REGISTRATION

If you are having difficulty with your online registration join the **Online Help Chat from 3:00 p.m. to 4:30 p.m. on Friday, August 25, 2023**. You will be able to find the link to the **Online Help Chat** in your MyDawson Portal under “My College Services/Continuing Education Course Add and Course Change Information”

ONLINE REGISTRATION GUIDE

New students are invited to view an online presentation about:

- Services available
- Course selection
- The registration process

The presentation is available at: <http://www.dawsoncollege.qc.ca/credit/fall/>

IMPORTANT INFORMATION ABOUT FEES AND PAYMENT

Fees must be paid in full upon registration. Students who do not pay their fees will have their **course registration cancelled and will remain liable for nonrefundable fees**.

Access to Omnivox services and waitlists will be blocked. If a student registration is cancelled for nonpayment of fees, **the student must reapply in order to return in a subsequent semester.**

ONLINE COURSE CHANGE

ADD, DROP OR CHANGE A COURSE OR SECTION

Course Add and Course Change is **ONLY** for:

- New and returning students **already registered in at least one course for the Fall 2023 semester.**

If you qualify as one of the two previous categories of student mentioned above, follow the steps below for the various actions:

ONLINE COURSE CHANGE

If you wish to make changes to your existing registration or you want to add one or more courses to an already existing schedule, please join the **Online Course Change Chat from 11:00 a.m. to 1:00 p.m. OR from 4:00 p.m. to 6:00 p.m. on Monday, August 28, 2023.** You will be able to find the link to the **Online Course Change Chat** in your MyDawson Portal under “My College Services/Continuing Education Course Add and Course Change Information”

ONLINE COURSE DROP

You may officially drop a course until **Tuesday, September 19, 2023.** Courses dropped by this date will not appear on your record. In order to drop a course, you must fill out a Course Drop Form online. Please consult your MyDawson Portal under “My College Services/Course Drop Form”. Failure to attend a course does not constitute an official course withdrawal and will result in receiving a failing grade.

IMPORTANT INFORMATION ABOUT FEES AND PAYMENT

Fees for additional courses must be paid online in full during Course Change.

REMINDER:

- Students who have been withdrawn for nonpayment of fees will **NOT** be permitted to register.
- There is no given appointment time for Online Course Change; it is on a first-come, first-served basis.
- Limited space may still be available. Please consult your My Dawson portal under “My College Services/Course Seats available” for the list of courses still available.

GENERAL INFORMATION

CONTINUING EDUCATION OVERVIEW

The Continuing Education Office for credit courses is located in room 2H.1 at 4001 de Maisonneuve Blvd. West, near Atwater Avenue, with direct access underground from the Atwater metro station. Online registration for most credit courses is done before the start of classes in the fall and winter sessions. There are three different categories of students who register for Continuing Education credit courses: students in Springboard to a DCS (Tremplin DEC), students who already have a college diploma or equivalent and need to take university prerequisite courses, and students who have applied and been admitted to a DEC or AEC program. Below you will find a brief description of each category.

For more information, please call or drop by the Continuing Education & Community Services (CECS) Office at:

4001 de Maisonneuve Blvd. W., Montreal

Room 2H.1

Telephone: 514 933-3771

E-mail: cecs@dawsoncollege.qc.ca

Website: www.dawsoncollege.qc.ca/conted

SPRINGBOARD TO A DCS (TREMPLEIN DEC) TRANSITION PROGRAM

Springboard to a DCS (Tremplin DEC) is designed for students who want to take CEGEP credit courses in order to:

- explore CEGEP studies;
- complete prerequisites required for admission to a CEGEP program;
- upgrade their academic record to improve chances of admission or readmission to a CEGEP program;
- upgrade language skills; or
- complete a CEGEP program. (For Dawson DEC students, once they have completed all their courses, they will need to reapply to their original program in order to graduate).

You cannot graduate from Springboard to a DCS (Tremplin DEC).

ADMISSION REQUIREMENTS – SPRINGBOARD TO A DCS (TREMPLEIN DEC)

To be admissible to Springboard to a DCS (Tremplin DEC), students must have the Quebec Diploma of Secondary Studies (D.E.S.) or equivalent.

STUDENT STATUS – SPRINGBOARD TO A DCS (TREMPLEIN DEC)

Students may register in Springboard to a DCS (Tremplin DEC) for a **maximum of three (3) consecutive semesters**. After three consecutive semesters students may remain in Continuing Education but must be admitted to a different program of studies. Students registered in Springboard to a DCS (Tremplin DEC) can be either part-time or full-time.

Note: Full-time status cannot be guaranteed.

Students expelled and denied permission to register in any DEC or AEC program must improve their academic record to return to studies in any DEC or AEC program. Students can improve their academic record by taking part-time courses through the Springboard to a DCS (Tremplin DEC) program offered in Continuing Education.

If you were formerly in a program and have now completed all the required program courses through Springboard to a DCS (Tremplin DEC), you must apply to graduate. Please contact the Graduation Officer at 514-931-8731, ext. 1153 as soon as possible. The graduation will only take effect the following semester.

UNIVERSITY PREREQUISITES

UNIVERSITY PREREQUISITES 08004 (08040)

Students who **already have a DEC or equivalent** and who wish to complete courses **specifically** required by a university for admission to a program must register in 08004 (08040). Students registered in 08004 (08040) can be either part-time or full-time.

Note: Full-time status cannot be guaranteed.

In addition to the courses listed here, **students in 08040 may take a maximum of 6 credits in other courses.** (The maximum of 6 credits is cumulative over all the semesters you will be registered in 08040).

The courses offered in this category for the Fall 2023 semester are:

Course #	Course Title
101-921-DW	Human Biology
101-NYA-05	General Biology I
201-MA1-DW	Calculus I: Differential Calculus for Social Sciences
201-NYA-05	Calculus I
201-NYB-05	Calculus II
201-NYC-05	Linear Algebra
202-NYA-05	General Chemistry
202-NYB-05	Chemistry of Solutions
203-NYA-05	Mechanics
203-NYB-05	Electricity and Magnetism
203-NYC-05	Waves, Optics and Modern Physics
350-1N1-DW	Introduction to Psychology
360-300-DW	Quantitative Methods
383-1N1-DW	Introduction to Economics

See pages 13-35 for the exact schedule of courses.

CONTINUING EDUCATION DEC PROGRAMS

Programs Leading to a Diploma of College Studies (*Diplôme d'études collégiales* - DEC)

- *Science* 200.BO (200.BC)
- *Social Science* 300.AO (300.CG)

DEC Admission Requirements

The basic requirement for admission to any DEC program at Dawson College is a Quebec Diploma of Secondary Studies (*Diplôme d'études secondaires* or *D.E.S.*). Applicants with an academic background judged equivalent to the D.E.S. may also apply. For certain programs, specific prerequisites are required.

Students in a pre-university DEC program may register on a part-time or a full-time basis. A full-time course load is 180 course hours or four courses. **There is no guarantee of a full-time course load** as this is subject to scheduling and space restrictions. It may not be possible to complete all courses required for graduation through Continuing Education.

If you are in a DEC program (any program code beginning with 200, 300, 500) you will be expected to register for courses in your program and you should be aware of your program requirements. Please see page 38 for the Science Program requirements and pages 39-41 for the Social Science Program requirements. You can also refer to your progression chart in Omnivox. Feel free to meet with an academic Advisor should you require additional information.

CONTINUING EDUCATION AEC PROGRAMS

Programs Leading to an Attestation of College Studies (*Attestation d'études collégiales* - AEC)

AEC programs are designed to provide adults with the training they need for today's job market. The AEC program descriptions can be found on page 42 of this timetable.

Application Deadlines

Please consult the Continuing Education & Community Services (CECS) Office or the AEC website for more information about AEC programs.

Continuing Education & Community Services (CECS) Office:

**4001 de Maisonneuve Blvd. W., Montreal
Room 2H.1**

Telephone: 514 933-5307

E-mail: aec@dawsoncollege.qc.ca

Website: www.dawsoncollege.qc.ca/conted or

Website: www.dawsoncollege.qc.ca/aec/

APPLICATION PROCEDURES

Returning Continuing Education students registered in Winter 2023 can register at a given appointment time through the Online Registration system **WITHOUT** completing an online application for Continuing Education.

Former Dawson College students who have not been registered for one or more semesters as well as new Continuing Education students must complete a Continuing Education Application online prior to registering.

For additional information regarding this procedure, please contact the Continuing Education Office, room 2H.1, or visit our website at: <https://www.dawsoncollege.qc.ca/credit/>

REGISTRATION INFORMATION

Please refer to pages 2, 3, 4, and 5 for your registration eligibility.

For additional information regarding registration, please contact the Registrar's Office in room 2D.6 at 514 933-1234, or visit our website at: <https://www.dawsoncollege.qc.ca/credit/winter/>

Timetable updates, including sections of courses taken off reserve and any sections added, will be posted on the College website at: <http://www.dawsoncollege.qc.ca/credit/general-information/course-schedules/>

Step by Step Online Registration:

1. Access Dawson's website at: www.dawsoncollege.qc.ca, then click on MYDAWSON (top right).

If you haven't yet set up your password, you will need your Dawson College student number, your permanent code and your date of birth. Scroll down and log in using this information to create a password. Your permanent code appears on most of the official documents (e.g. transcripts) that have been sent to you by any Quebec educational institution and it also appears on your student ID card. Once you have entered the correct information you will be prompted to choose a security question (which will be used in case you forget your password) and then you can create your Password.

2. Click on Course Registration (under **My Omnivox Services**). To add a course you will need the 8-character course number and the section number. If no seats are available in a given section of a course, try another section, if applicable.

To be added to a **waiting list** please complete the REGISTRATION HELP FORM found in the MYDawson Portal, under "My College Services / Continuing Education Registration Help Form".

3. Don't forget to finalize.

Finalize your registration only when you are sure that you do not wish to add or drop any more courses and when you are ready to pay, but no later than 11:30 p.m. on August 18 (11:30 p.m. on August 25 if you are eligible for Late Online Registration).

You can **only finalize once**, and when you finalize, **all your selected courses are finalized at the same time.**

If you are having difficulty with your online registration please fill out a REGISTRATION HELP FORM found in the MYDawson Portal, under "My College Services / Continuing Education Registration Help Form". An operator or advisor will contact you as soon as possible and no later than two working days after your request is submitted. Help with registration begins Monday, August 7, at 1:30 p.m. and ends Friday, August 18, 2023 at 11:30 p.m.

You will know you have finalized your registration when you see a message confirming your registration.

The REGISTRATION HELP FORM is not available during Late Online Registration. If you are having difficulty with your online registration join the **Online Help Chat from 3:00 p.m. to 4:30 p.m. on Friday, August 25, 2023.** You will be able to find the link to the **Online Help Chat** in your MyDawson Portal under "My College Services/Continuing Education Course Add and Course Change Information".

4. **Fees must be paid in full upon registration.** See pages 10-11 for fees information.

Important Information about Fees and Payment:

Fees must be paid in full upon registration. Students who do not pay their fees will have their **course registration cancelled and will remain liable for nonrefundable fees. Access to Omnivox services and waitlists will be blocked.** If a student registration is cancelled for nonpayment of fees, **the student must reapply in order to return in a subsequent semester.**

ENGLISH & FRENCH ONLINE PLACEMENT

Information on **English & French Placement Testing** can be found at: <https://www.dawsoncollege.qc.ca/registrar/english-french-placement-tests/>.

NOTE ON COURSE CREDIT

It is the student's responsibility to ensure that he or she is officially registered and attending the correct course and section, i.e. the same course and section that appear on the student's registration form or individual schedule. **Students who do not attend the correct course and section will not receive credit for work done.**

CANCELLATION OF COURSES

The College reserves the right to cancel any course sections for which enrolment does not reach the required number of students. Should a course be cancelled students will be contacted and informed of alternative courses that are still available, or offered a full refund.

COURSE WITHDRAWAL

In accordance with regulations established by the Ministry of Education, students may officially withdraw from a course until **Tuesday, September 19, 2023**. Courses dropped by this date will not appear on the students' records. In order to withdraw from a course students must fill out a Course Drop Form online. Please consult your MyDawson Portal under "My College Services/Course Drop Form". Failure to attend a course does not constitute an official course withdrawal and will result in the student receiving a failing grade.

ATTENDANCE VALIDATION

All students must confirm their attendance each semester after the course drop deadline. Failure to attend a course or courses may affect your status and may result in part-time fees being applied as per the Ministry of Education regulations.

INCOMPLETE (IN) FOR AN AUTHORIZED ABSENCE

Once the official course drop deadline has passed, students may request an authorized absence to obtain an incomplete (IN) on their transcript. An authorized absence request must meet both of the following criteria:

- a. The situation was due to a medical or other issue of a grave and serious nature that was beyond the student's control (e.g., illness, accident, illness or death of an immediate family member).
- b. The situation prevented the student from attending or participating in classes:
 - i. for at least three consecutive weeks of a regular course (including the final examination period, if applicable); or
 - ii. for at least 20% of a summer, intensive, or AEC course; the affected classes must be consecutive.

Students must provide appropriate documentation to support their request. Authorized Absence request forms are available on the Dawson website. Students must submit their request before the end of the semester concerned (i.e., by the Grade Deadline date for that semester or term) or, for reasons judged exceptional, no later than one year after the end of the semester concerned. See Appendix IX of ISEP (Institutional Student Evaluation Policy).

CHANGE OF ADDRESS

Please advise the College of any change to your address at www.dawsoncollege.qc.ca. Click on MYDAWSON, then on Personal file under My Omnivox Services. This will allow us to update your Dawson student file, and also to contact you should there be any change to your course schedule (e.g. course cancellation).

CLASS CANCELLATIONS

If a teacher has to cancel an individual class during the semester the cancellation is usually posted on the Dawson website. Check the course and section number under Class Cancellations on the home page.

CONTINUING EDUCATION FEES FALL 2023

Registration Payment

- **ALL FEES ARE DUE IN FULL UPON REGISTRATION.**
- Students who do not pay their fees will have their course registration cancelled and **will remain liable for the non-refundable fees.**
- **Late payment fees of \$25.00 will be applied to overdue accounts.**

Methods of Payment

- Mastercard or Visa through the Payment Centre of your MyDawson portal.
- Bank site online at all major banks in Canada (please allow three (3) working days for processing when making payment at an authorized banking institution). **Payment must be received by the due date.**
- In person at the Student Fees Counter located in room 4B.5 (by cash, debit card, Visa, Mastercard, money order or cheque). Please consult our website Finance-Student Fees-Counter Hours for our opening hours.
- By dropping your cheque, money order, Mastercard or Visa payment remittance slip in the Fees Drop Box located on the wall next to room 4B.5. Do **NOT** leave cash.
- Mail (cheque, money order).
- **Postdated cheques are NOT accepted.**

In addition to fees below, all applicants to Continuing Education will be charged a non-refundable application fee of \$30.00.

PART-TIME ⁽¹⁾

		Refund Deadline Non Refundable
Registration Process Fee	\$5.00/course Max. \$20.00	
Mandatory Instructional Services Fees	\$6.00/course Max. \$25.00	Aug. 25 ⁽²⁾
Student Services Fee	\$29.00/course Max. \$116.00	Aug. 25 ⁽²⁾
Dawson Student Union Fee	\$11.00	Non Refundable
Courses In Program Hourly Fee	\$2.00/hr ⁽¹⁾	Sept. 19 ⁽³⁾
Courses Outside of Program Hourly Fee	\$2.00/hr	Aug. 25 ⁽²⁾
Convocation Fee (if applicable)	\$17.00 (See next page)	Sept. 19 ⁽³⁾
Canadian Non-Quebec Resident Student Fees	\$6.69/course hr (See next page)	Sept. 19 ⁽³⁾
International Student Fees	(See next page)	Sept. 19 ⁽³⁾
Voluntary Donation to the Dawson Foundation	\$10.00	Aug. 25 ⁽²⁾

FULL-TIME IN A PROGRAM⁽¹⁾ (MIN. 4 COURSES OR 180 HOURS IN PROGRAM)

		Refund Deadline Non Refundable
Registration Process Fee	\$20.00	
Mandatory Instructional Services Fees	\$25.00	Aug. 25 ⁽²⁾
Student Services Fee	\$116.00	Aug. 25 ⁽²⁾
Dawson Student Union Fee	\$22.00	Non Refundable
Courses In Program	No charge	N/A
Courses Outside of Program Hourly Fee	\$2.00/hr	Aug. 25 ⁽²⁾
Convocation Fee (if applicable)	\$17.00 (See next page)	Sept. 19 ⁽³⁾
Canadian Non-Quebec Resident Student Fees	\$1,780.00 (See next page)	Sept. 19 ⁽³⁾
International Student Fees	(See next page)	Sept. 19 ⁽³⁾
Voluntary Donation to the Dawson Foundation	\$10.00	Aug. 25 ⁽²⁾

⁽¹⁾ Exemption for hourly course fees applies only to: (a) students registered full-time in a program taking courses in their program;

(b) students qualified for the status of Fin de DEC; (c) AEC students; (d) students with major functional disabilities. Note that all students registering for Independent Studies (08072) are charged hourly course fees, regardless of the number of courses they are following.

⁽²⁾ Only if a student officially withdraws from courses by Friday, August 25, 2023. No request for refunds will be approved afterwards.

⁽³⁾ Only if a student officially withdraws from courses by Tuesday, September 19, 2023. No request for refunds will be approved afterwards.

EXAMPLES OF PRICES PER COURSE FOR PART-TIME

Note that these examples do not include the Non-Quebec Resident fee, the International Student fee, the Convocation fee nor the \$30.00 Application fee. See the table above if these fees apply to you.

30 hour course:	\$111.00	60 hour course:	\$171.00	90 hour course:	\$231.00
45 hour course:	\$141.00	75 hour course:	\$201.00		

Application Fee

All applicants shall be charged a \$30.00 non-refundable application fee.

International Document Analysis Fee

All applicants presenting academic credentials from international jurisdictions will be required to pay an additional non-refundable fee of \$50.00 for the analysis of their files.

Hourly Fee

Students who register part-time (fewer than 180 hours or four courses in their program) must pay \$2.00 per course hour upon registration. All students registering for Independent Studies (08072) are charged hourly course fees, regardless of the number of courses they are registered in.

Late Attendance Validation Fee

A fee of \$25 will be applied to students who do not validate their attendance by the Attendance Validation deadline.

Fees for Students Residing Outside Quebec

Canadian Students: Canadian citizens and landed immigrants who register for out-of-program courses or who are part-time in a program, and who are not Quebec residents, pay an additional amount of \$6.69* per course hour for part-time studies. The fee is in addition to all other applicable fees including other hourly course fees and other fees listed.

Full-time students in a program pay an amount of \$1,780.00* per semester. This amount is in addition to other applicable fees (excluding hourly course fee).

**Refundable if a student officially withdraws from his/her course(s) by Tuesday, September 19, 2023.*

International Students: International students who register for out-of-program courses or who are part-time in a program pay an additional amount of \$32.04* to \$50.78* per course hour depending on their program/course. The International Student fee is in addition to all other applicable fees including hourly course fees and other fees listed.

Full-time students in a program pay an amount of \$7,000* to \$10,849* per semester depending on their program. This amount is in addition to other applicable fees (excluding hourly course fee). For detailed information, see the International Students Fees link at the following address: <https://www.dawsoncollege.qc.ca/finance/student-fees/>

International students in Continuing Education must have a visa valid until the end of December 2023 for the institution they are attending.

**Refundable if a student officially withdraws from his/her course(s) by Tuesday, September 19, 2023.*

Commandite Students

All *commandite* students will be assessed all fees, including hourly fees, paid by part-time students in a program, as well as the application fee (if applicable). In the case of full-time or *Fin de DEC commandite* students, they will be reimbursed their \$2.00 hourly course fee, subject to a final confirmation of their status from their college of origin after the drop deadline. Only students from public colleges (not private colleges) are entitled to the above refund.

For more information, see the following link: <https://www.dawsoncollege.qc.ca/finance/student-fees/commandite-student-fees/>

Convocation Fee

A convocation fee is charged once per diploma or attestation. All potential graduates in the Fall 2023 semester will be assessed a \$17.00 convocation fee.

Assessment of Fees

The fees are determined by Government regulations and College Bylaws and are subject to change without prior notice. Up-to-date information on fees is available from the College Student Fees Web page: <https://www.dawsoncollege.qc.ca/finance/student-fees/>

Refunds

All applicable refunds over \$500.00 will be issued by cheque and mailed to the address on file. Please ensure that your mailing address is up to date. Refunds must be requested in writing at: studentfees@dawsoncollege.qc.ca

Tax Receipts

For tax compliant receipts, please ensure that you have added your S.I.N. to your account prior to printing your tax receipts. Tax receipts for 2023 will be available by February 29, 2024 via our student web-portal at: <https://dawsoncollege.omnivo.ca>

ANTHROPOLOGY

Introduction to Anthropology

381-1N1-DW | 45 hours

381-101-DW* | 45 hours

No prerequisite

Section 03001 Monday 18:30 – 21:30 (on reserve)

Section 03002 Tuesday 18:30 – 21:30

This course is designed to introduce the students to the social science of anthropology. There are four fields of anthropology which help to explain the behaviour of peoples all over the world. The study of these fields will allow the students to learn about the origins and development of human beings in the context of their physical and cultural environments. Students will explore contemporary issues through an anthropological lens. The course will provide the student with the necessary knowledge to pursue more specific or advanced courses in anthropology at either the CEGEP or university level.

*Only students in the 300.CE program should register for course number 381-101-DW.

BIOLOGY

General Biology I

101-NYA-05 | 75 hours

Prerequisite: High School Chemistry 551-504 or 534 or CEGEP Chemistry 202-001

Recommended: General Chemistry 202-NYA

Section 03001 Mon. & Wed. 17:30 – 19:00, Wednesday Lab 19:00 – 21:00

Section 03002 Mon. & Wed. 17:30 – 19:00, Monday Lab 19:00 – 21:00 (on reserve)

Section 03003 Tues. & Thurs. 17:30 – 19:00, Tuesday Lab 19:00 – 21:00

Section 03004 Tues. & Thurs. 17:30 – 19:00, Thursday Lab 19:00 – 21:00 (on reserve)

Students will learn to recognize the characteristics of life and how evolution gave rise to the great diversity in life forms. The relationship between biological structures and their function will be examined. How cell activities are organized and controlled, as well as cell reproduction and basic genetic principles will be studied. The biodiversity of ecosystems and the flow of energy and nutrients through these systems will be examined. In order to graduate from Dawson's Science Program, students are required to complete a scientific research project, to acquire and analyze data using computerized systems, and to communicate effectively using electronic media. *Text: Reece et al., Campbell Biology, 3rd Canadian ed., Pearson. Approx. \$200 (eBook \$120)*

Human Biology (Social Science)

101-921-DW | 45 hours

No prerequisite

Section 03001 Tuesday 18:00 – 19:30, Tuesday Lab 19:30 – 21:00

Section 03002 Thursday 18:00 – 19:30, Thursday Lab 19:30 – 21:00

Section 03003 Saturday 9:00 – 10:30, Saturday Lab 10:30 – 12:00

This course begins with an introduction to anatomical terminology, a discussion of the various levels of structural organization that make up the human body, and a brief overview of each system's contribution to homeostasis. This course emphasizes the control systems (nervous and endocrine), reproduction and genetics. The material covered in this course provides a useful background for non-science students planning to study psychology in university. This course can be used as a concentration course in Social Science, but cannot be used in the revised Science programs. *Text: Goodenough, J. Biology of Humans, 6th ed. Pearson Education. Approx. \$110. Available as an eBook approx. \$60*

Please note: This is a Social Science option course. It cannot be applied to a Science DEC.

BUSINESS ADMINISTRATION
Introduction to Business**401-1N1-DW** | 45 hours**401-101-DW*** | 45 hours

No prerequisite

Section 03001 Tuesday 18:00 – 21:00**Section 03002** Monday 18:00 – 21:00**Section 03003** Wednesday 18:00 – 21:00 (on reserve)**Section 03004** Thursday 18:00 – 21:00

Students who have passed an Introduction to Business course under a different course number should check with an Academic Advisor before registering for this course. This course is designed to provide students with an introductory overview of business by exploring the primary business functions and activities performed by companies and small businesses (marketing, accounting, management, leadership, etc.), by identifying the major influences and trends affecting business decisions (internal and external), and by recognizing the different stakeholders (owners/shareholders, managers, employees, customers, society) that are affected by business. Overall, students will not only acquire business vocabulary and relate business principles to their daily lives and workplace but will also develop an essential appreciation of the significant role that business plays in society as a whole.

*Only students in the 300.CE program should register for course number 401-101-DW.

International Business**401-205-DW** | 45 hours

Prerequisite: Introduction to Business 401-101

Section 03001 Wednesday 18:00 – 21:00

The International Business course offers a small window to the expanded world of international business. International business has undergone dramatic changes in the past decade, and the academic discipline has evolved in response to these changes. The course aims to introduce students to the fundamentals of international trade and investment and to expose students to the complexities of the international business environment (economic, legal, political, cultural and technological). It will also familiarize students with the influential players on the international business scene (multinational corporations, governments and international organizations) and develop an international perspective. *Text: Approx. \$100*

Business Law**401-210-DW** | 45 hours

Prerequisite: Introduction to Business 401-101

Section 03001 Thursday 18:00 – 21:00

Students who have passed a Business Law course under a different course number should check with an Academic Advisor before registering for this course.

This is a general survey of business law with emphasis on its everyday use. Material covered will be the law relating to persons, property, obligations, contracts, sale, leases, and forms of ownership. *Text: Papatheodorakos, N. Essentials of Québec Business Law, 4th ed., Paladin. Approx. \$72*

CHEMISTRY

The sequence of courses is 202-001-RE, 202-NYA-05, 202-NYB-05 and 202-BZF-05. Students with no chemistry background must take Remedial Activities for Secondary IV Environmental Science and Technology (105-003-RE). See the chart on page 37.

Remedial Activities for Secondary V Chemistry

202-001-RE | 75 hours

Prerequisite: High School Science 558-404 or 558-402 or Physical Science 436 or CEGEP 105-003 or equivalent

Recommended: High School Mathematics 564-406 or 565-406 or 564-426 or 565-426 or Math 436 or 526 or CEGEP Math 201-016 or equivalent prior to this course.

Section 03001 Mon. & Wed. 17:30 – 19:00, Wednesday Lab (10 weeks) 19:00 – 22:00

Section 03002 Mon. & Wed. 17:30 – 19:00, Monday Lab (10 weeks) 19:00 – 22:00

Section 03003 Tues. & Thurs. 17:30 – 19:00, Tuesday Lab (10 weeks) 19:00 – 22:00

Section 03004 Tues. & Thurs. 17:30 – 19:00, Thursday Lab (10 weeks) 19:00 – 22:00

Section 03005 Mon. & Wed. 17:30 – 19:00, Wednesday Lab (10 weeks) 19:00 – 22:00

Section 03006 Mon. & Wed. 17:30 – 19:00, Monday Lab (10 weeks) 19:00 – 22:00 (on reserve)

This course is required for all science students who have either not taken, or have not passed, High School Chemistry course 551-504. Emphasis is on chemical problem solving, formulas and equations, in preparation for Chemistry 202-NYA-05. Topics include metric units and unit conversion, dimensional analysis, mass and energy, mole conversions, gas laws, chemical nomenclature, types of chemical reactions and stoichiometry (including solution stoichiometry). *Text: Zumdahl. Introductory Chemistry, 2nd Custom ed., Cengage. eBook approx. \$88. Lab manual may need to be purchased for approximately \$10.*

Note: This course prepares students for college-level chemistry and does not count towards graduation.

General Chemistry

202-NYA-05 | 75 hours

Prerequisite: High School Chemistry 504 or 534 or CEGEP Chemistry 202-001 or equivalent

Recommended: High School Mathematics 506 or 536 or equivalent e.g., CEGEP Mathematics 201-015 prior to this course.

Section 03001 Tues. & Thurs. 17:30 – 19:00, Tuesday Lab (10 weeks) 19:00 – 22:00

Section 03002 Tues. & Thurs. 17:30 – 19:00, Thursday Lab (10 weeks) 19:00 – 22:00

Section 03003 Mon. & Wed. 17:30 – 19:00, Wednesday Lab (10 weeks) 19:00 – 22:00

Section 03004 Mon. & Wed. 17:30 – 19:00, Monday Lab (10 weeks) 19:00 – 22:00

Section 03005 Mon. & Wed. 17:30 – 19:00, Monday Lab (10 weeks) 19:00 – 22:00

Section 03006 Mon. & Wed. 17:30 – 19:00, Wednesday Lab (10 weeks) 19:00 – 22:00 (on reserve)

Section 03007 Tues. & Thurs. 17:30 – 19:00, Tuesday Lab (10 weeks) 19:00 – 22:00

Section 03008 Tues. & Thurs. 17:30 – 19:00, Thursday Lab (10 weeks) 19:00 – 22:00 (on reserve)

This course is required for all students in pre-university Science. Topics include the basic theories of atoms, bonding and the states of matter; a brief review of stoichiometry and chemical vocabulary. Emphasis will be placed on the role of the periodic table in predicting properties and on the nature of the covalent bond. Some discussion of quantum theory, hydrogen-bonding and phase changes will also be introduced. *Text: Zumdahl and Zumdahl. Chemistry, 10th ed., Cengage. Approx. \$170, online study guide and solutions manual approx. \$28 (eBook consisting of text, online study guide and solutions manual \$105). Lab manual may need to be purchased for approximately \$15.*

Chemistry of Solutions

202-NYB-05 | 75 hours

Prerequisite: Chemistry 202-NYA

Recommended: Calculus I 201-NYA

Section 03001 Tues. & Thurs. 17:30 – 19:00, Thursday Lab (10 weeks) 19:00 – 22:00

Section 03002 Tues. & Thurs. 17:30 – 19:00, Tuesday Lab (10 weeks) 19:00 – 22:00 (on reserve)

The concepts and calculations studied in this course are those associated with chemical equilibrium, especially the aqueous solutions. Topics include solution concentrations, kinetics and equilibrium, pH, buffer solutions, solubility product, colligative properties, and free energy. A strong emphasis is placed on computer-based laboratory techniques. *Text: Zumdahl and Zumdahl. Chemistry, 10th ed., Cengage. Approx. \$170, online study guide and solutions manual approx. \$28 (eBook consisting of text, online study guide and solutions manual \$105). Lab manual may need to be purchased for approximately \$15.*

CINEMA/COMMUNICATIONS**Cinema and Culture****530-914-DW** | 45 hours

No prerequisite

530-BWA-03* | 45 hours

Complementary course number*

Section 03001 Tuesday 18:30 – 21:30

This course addresses the cultural significance of film and related media. Students will view a range of films, from historical to contemporary, including foreign and independent films, and learn how to interpret and analyze the social and cultural values expressed. This course is intended to raise cultural awareness through aesthetic, critical and interdisciplinary examination of films from a wide array of diverse cultures.

*Students in a DEC program (*not* 08125, 08128, 08040 or 08072) who are taking this course as a complementary should register for course number 530-BWA-03.

COMPUTER SCIENCE**Introduction to Computers****420-BWC-03** | 45 hours

No prerequisite

Section 03001 Monday 18:30 – 21:30

Students will gain a historical appreciation of the evolution and development of computers and will acquire and demonstrate a basic knowledge of computer concepts. Students will be able to illustrate the diversity of systems and will learn to recognize the impact of computers through the direct investigation of software. The MS Word processor and Excel spreadsheet will be described and examined. The relationship between computers and networks will be explored with regard to their impact on society. Security, privacy and computer ethics will be examined in the course readings and discussed in class. Students will produce a 750-word paper, based on individual research, exploring one of the topics covered in the course. **Any Science student (First Choice, Health, Pure and Applied, Environmental, ESP, DSP, etc) planning to take Introduction to Computer Programming in Engineering Science (360-420-DW) as a Science option must not take any Computer Science complementary course such as 420-BWC or 420-BXC.

Web Site Creation**420-BXC-03** | 45 hours

No prerequisite

Section 03001 Tuesday 18:30 – 21:30**Section 03002 Wednesday 18:30 – 21:30**

Students will learn to use HTML, CSS, and web development tools to design and develop publishable websites containing a variety of media permissible for use on the Internet. The role of web browsers, servers, and domains will be explored to expand students' knowledge of the websites they interact with and use every day. **Any Science student (First Choice, Health, Pure and Applied, Environmental, ESP, DSP, etc) planning to take Introduction to Computer Programming in Engineering Science (360-420-DW) as a Science option must not take any Computer Science complementary course such as 420-BWC or 420-BXC.

CREATIVE WRITING**Creative Writing****603-916-DW** | 60 hours

No prerequisite

Section 03001 Monday 18:00 – 22:00

Please note: This course is not one of the four General Education English courses but may be applied to the ALC program.

This course gives students the opportunity to practice writing techniques used in a variety of genres. Attention is given to developing students' sense of craft through study, writing exercises, and critique. Other learning activities may include lectures, readings, discussions, presentations, editing practice, and evaluation or self-evaluation exercises. Through reading, listening, discussion, and practice, students gain awareness of the tools of creative writers and the skills to use them in their own work. To this end, the study of poetics constitutes part of the course. Carefully reading and responding to others' work are also components of the course. Revising and editing are essential activities for the writing assignments. At the end of the course, students submit a portfolio of work developed during the term.

ECONOMICS

Introduction to Economics

383-1N1-DW | 45 hours

383-101-DW* | 45 hours

No prerequisite

Section 03001 Wednesday 18:30 – 21:30

Section 03002 Thursday 18:30 – 21:30

Section 03003 Tuesday 18:30 – 21:30

Section 03004 Monday 18:30 – 21:30

Section 03005 Friday 18:30 – 21:30

The course introduces students to resource allocation under constraints, economic systems, the great economic thinkers, the different schools of thought, and the major approaches in economics. Students will recognize basic economic concepts, theories, and models, and recognize their limitations. Applying different perspectives and relying on current and historical data, students will discuss the main economic problems facing Canada and Quebec in a global context, such as climate change, inflation, poverty, globalization, recessions, unemployment, income inequality, and other selected problems. In this course, students will describe how governments use fiscal, monetary, and trade policies to reduce domestic economic problems. They will recognize the economic consequences of economic policies and critically discuss economic information reported in the news media. Students will apply the knowledge, skills, and values they have developed in the course to examine a selected problem.

*Only students in the 300.CE program should register for course number 383-101-DW.

Microeconomics

383-201-DW | 45 hours

Prerequisite: Introduction to Economics 383-101 or 383-920

Section 03001 Tuesday 18:30 – 21:30

This course presents concepts, models and theories that explain how households and firms behave in different markets. The assumptions of each theory discussed in the course will be clearly stated and its weaknesses pointed out. Topics covered include market structures, supply and demand, consumer behaviour, behaviour of the firm, production and costs, and the determination of equilibrium price and output in different markets. The course attempts to analyze contemporary economic issues and problems. Using concepts and theories, students will analyze how individuals and companies react to changes in government policy such as subsidies, minimum wages, and price controls. The course presents a theory that explains the determination of incomes such as wages, rent, interest and profits. Students will learn how to analyze concrete economic problems by using appropriate concepts and theories. Approximate cost of materials: \$200

Macroeconomics

383-302-DW | 45 hours

Prerequisite: Introduction to Economics 383-101 or 383-920

Section 03001 Monday 18:30 – 21:30

The course introduces students to theories that explain the determination and evolution of macroeconomic aggregates such as GDP, the rate of unemployment, the rate of inflation, and the rate of interest. It discusses macroeconomic theories and models, specifies their assumptions, presents their applications, and identifies their limitations. Relying on historical and current data, the course examines the changes that have taken place in the Canadian economy over the last few decades. Topics discussed in the course include economic cycles, sources of economic growth, fiscal and monetary policies. Students will learn how different schools of thought, namely the Classical and Keynesian schools, approach these topics. The course enables students to apply macroeconomic concepts to specific cases and to critically assess economic policies. Approximate cost of materials: \$135-\$200

ENGLISH

Students who have graduated from a Quebec high school or Quebec adult education center and have taken their Sec V Ministerial Exams in English in the last three (3) years, do **not** write placement tests. English Placement Results are automatically generated using your final Sec V English grades. All other students who plan to register for an English course but have not recently completed a credit English course at an English CEGEP, must write a placement test online. Please see page 9. Students at the beginner level should ask about non-credit courses.

Remedial Activities for Secondary V English Language Arts

603-001-RE | 60 hours

Prerequisite: placement - see page 9

Section 03001 Wednesday 18:00 – 22:00

This preparatory course teaches college-level reading, writing, listening, and speaking skills to intermediate students of English as a second language, with an emphasis on the planning, drafting, and editing of essays. Classes will include work on grammar, word usage, spelling and mechanics, sentence structure, and paragraph development. Upon successful completion of the course, students should be able to understand and discuss a college-level text and write a coherent, logically organized three-paragraph essay, which will include a thesis statement, supporting points, appropriate transitions and a conclusion. Please note: This course prepares students for Writing English (603-101) and does not give credit towards graduation requirements.

Introduction to College English: Writing English

603-101-MQ | 60 hours

Prerequisite: 603-001 or placement - see page 9

Section 03001 Tuesday 18:00 – 22:00

Section 03002 Thursday 18:00 – 22:00

Section 03003 Wednesday 18:00 – 22:00

Section 03004 Monday 18:00 – 22:00 (on reserve)

This course is designed for students whose first language is not English and who have been educated in English for less than five years. Students are introduced to the study of literature at the college level, with special emphasis on vocabulary building, correct sentence structure, grammar, idiom and critical thinking. Students will learn how to read a variety of literary works and how to write short analytical essays about literature. Class time will be spent on discussion and practice of reading, writing, research, and speaking skills. By the end of the course, students must be able to write a 750-word analytical essay in college-level English.

Introduction to College English: Effective Reading and Writing

603-101-MQ | 60 hours

Prerequisite: placement - see page 9

Section 03005 Tuesday 18:00 – 22:00

Section 03006 Monday 18:00 – 22:00

Section 03007 Wednesday 18:00 – 22:00

Section 03008 Thursday 18:00 – 22:00 (on reserve)

This course introduces students to the study of literature at the college level, with special emphasis on vocabulary-building, study skills, critical thinking, reading for literal and metaphorical meaning, and writing to communicate ideas. Students will learn how to read a variety of literary works and how to write short analytical essays about literature. Class time will be spent on discussion and practice of reading, writing, research and speaking skills. By the end of the course, students must be able to write a 750-word analytical essay in college-level English.

Introduction to College English

603-101-MQ | 60 hours

Prerequisite: placement - see page 9

Section 03009 Tuesday 18:00 – 22:00

Section 03010 Wednesday 18:00 – 22:00

Section 03011 Monday 18:00 – 22:00

After taking this course, students should be able to analyze and produce written and oral work at the college level. To this end, students will learn the appropriate use of words, correct syntactical usage, and strategies for the development of ideas. As well, they will learn to recognize and analyze a variety of literary forms. Students will also learn to develop their ideas into arguments and theses, to organize them and to edit their work. By the end of the course, students will be able to write a 750-word analytical essay in college-level English.

Literary Genres

603-102-MQ | 60 hours

Prerequisite: 603-101

Students may take 603-103 before 603-102.

Section 03001 Thursday 18:00 – 22:00

Section 03002 Wednesday 18:00 – 22:00

Section 03003 Monday 18:00 – 22:00

Section 03004 Tuesday 18:00 – 22:00 (on reserve)

This course will examine selected works of literature of a single genre or several genres. The conventions of the genre(s), as well as the techniques and devices employed by authors to effect meaning, will be the focus of classroom activities. Each group/section focuses on a particular area of interest. Students will continue to practice writing critical essays.

Literary Themes

603-103-MQ | 60 hours

Prerequisite: 603-101

Students may take 603-103 before 603-102.

Section 03001 Monday 18:00 – 22:00

Section 03002 Thursday 18:00 – 22:00

Section 03003 Tuesday 18:00 – 22:00

Section 03004 Wednesday 18:00 – 22:00 (on reserve)

This course looks at selected works of literature with particular reference to their cultural contexts and thematic developments. Each group/section focuses on a particular area of interest. Students will continue to practice writing critical essays.

Applied Themes in English

603-BXE-DW | 60 hours

Prerequisite: 603-101, 603-102 and 603-103

Section 03001 Tuesday 18:00 – 22:00

Section 03002 Monday 18:00 – 22:00

Section 03003 Thursday 18:00 – 22:00 (on reserve)

This course is designed to help students who have already completed 101, 102 and 103 to develop further their skills in reading, writing, speaking and researching. Students will study and produce various forms of communication while strengthening skills of argumentation. They will learn to recognize and use various rhetorical strategies in order to produce a program-specific major assignment. Each group/section focuses on a particular area of interest.

FINE ARTS/ART HISTORY

Drawing Techniques

511-912-DW | 45 hours

No prerequisite

511-BXA-03* | 45 hours

Complementary course number*

Section 03001 Tuesday 18:30 – 21:30

Section 03002 Thursday 18:30 – 21:30

The expressive power of drawing as a visual language is introduced and investigated through the exploitation of various drawing techniques. Working from observation of live models, objects, the environment, and from imagined forms, the students will acquire skills while sketching and rendering with a number of basic drawing materials. Through representation and abstraction, they will apply their research and learn compositional strategies to express their ideas visually. Historical and contemporary trends in drawing approaches will be examined through presentations, and students will have an opportunity to discuss and critique their drawings as explored in studio or independently. This course is taught at an introductory level with no specialized experience required. Approximate cost of materials: \$70

*Students in a DEC program (*not* 08125, 08128, 08040 or 08072) who are taking this course as a complementary should register for course number 511-BXA-03.

Introduction to Painting

511-914-DW | 45 hours

No prerequisite

511-BXA-03* | 45 hours

Complementary course number*

511-914-DW Section 03001 Wednesday 18:30 – 21:30

511-BXA-03 Section 03003 Wednesday 18:30 – 21:30

This introductory studio course in painting will establish a working knowledge of paint mixing and application, painting supports, colour theory and composition. Painting projects will explore modes of representation and abstraction. Students will work with acrylic colours to discover the many ways paint can be handled. Students will learn subtractive colour mixing while investigating genres such as still life, figure, portrait and landscape. Scale will be considered in paintings of various sizes on different supports. Students will become aware of different periods and approaches to painting to help focus their own preferences. In-class critiques will incorporate an understanding of relevant terminology. This course is taught at an introductory level with no specialized experience required. Approximate cost of materials: \$120

*Students in a DEC program (*not* 08125, 08128, 08040 or 08072) who are taking this course as a complementary should register for course number 511-BXA-03.

Collage and Mixed Media

511-923-DW | 45 hours

No prerequisite

511-BXA-03* | 45 hours

Complementary course number*

511-923-DW Section 03001 Monday 18:30 – 21:30

511-BXA-03 Section 03004 Monday 18:30 – 21:30

Collage derives from the French “coller”, a technique coined by the early 20th century cubist painters Picasso and Braque. Students will discover different collage techniques in 2D and/or 3D assemblage, through which they will explore strategies for choosing and combining suggestive images and/or objects, and finding ways of composing a collage and/or an assemblage. Strategies will be developed for visual research and idea development, and for choosing and incorporating thematic elements. The acquisition of technical skills will enable the production of art projects in 2D and/or 3D assemblage. Approximate cost of materials: \$70

*Students in a DEC program (*not* 08125, 08128, 08040 or 08072) who are taking this course as a complementary should register for course number 511-BXA-03.

Canadian Art in Context

520-917-DW | 45 hours

No prerequisite

520-BWA-03* | 45 hours

Complementary course number*

Section 03001 Wednesday 18:30 – 21:30

Section 03002 Thursday 18:30 – 21:30

This course examines the histories of art produced in Canada from practices predating European settlement to the present. In addition to studying canonical artworks by Indigenous and non-Indigenous artists that forged a distinct and hybrid Canadian identity, we will consider objects and images that sit outside of the traditional fine art mediums of painting and sculpture. This will enable an understanding of the key political and artistic stakes of representing Canada’s diverse communities. We will also explore historical events that had a direct impact on the formation of Canadian identities. Visits to historic and contemporary exhibitions are an important part of the course, which will allow us to experience Canada’s dynamic visual culture firsthand. Students will come away from this course with an understanding of how Canadian art and its history has developed, as well as the ability to articulate the major debates of the field in a compelling manner. Approximate cost of materials: \$40.

*Students in a DEC program (*not* 08125, 08128, 08040 or 08072) who are taking this course as a complementary should register for course number 520-BWA-03.

FRENCH

IMPORTANT: As of July 1, 2023, students entering an English CEGEP or beginning a NEW DEC program must follow one of the two paths found below for their French courses to obtain a DEC:

1) Students who hold the Certificate of Eligibility for English Instruction (CoE-Y) must:

- complete the two French second language courses and additional remedial courses, if necessary, depending on their placement level;
- successfully pass the English Exit Exam (EEE);

2) Students who do not hold a Certificate of Eligibility for English Instruction (CoE-N) must:

- complete three French Exit Exam preparation courses and additional remedial courses, if necessary, depending on their placement level;
- successfully pass the *Épreuve uniforme de français* (EUF) Exam;

Placement information can be found at: <https://www.dawsoncollege.qc.ca/registrar/english-french-placement-tests/>

If you are in the 08125, 08128, 08040 or 08072 programs and are intending to apply to a DEC program either in the Day or Evening division, you MUST have a valid French placement result in order to be eligible to register for your first French course. See table below for sequence of courses.

For admission to a DEC program, students who do not hold a Certificate of Eligibility for English Instruction (CoE-N) must be eligible to take the 602-RF1-DW French course as a minimum requirement. Students who place at a lower level, can take additional remedial courses through the Springboard to a DCS program (081.25/28) in order to attain this level.

Students who have graduated from a Quebec high school or Quebec adult education center and have taken their Sec V Ministerial Exams in French in the last three (3) years, do **not** write placement tests. French Placement Results are automatically generated using your final Sec V French grades. All other students who plan to register for a French course but have not recently completed a credit French course at an English CEGEP, must write a placement test online before registering.

Order of French courses for students who hold the Certificate of Eligibility for English Instruction (CoE-Y) or for any student who has already begun a program prior to July 1, 2023:

As part of the requirements for any DEC program, students must complete two French courses: one from a group of courses called "Bloc A", the second from a group of courses called "Bloc B". Students must register for the Bloc B course that is appropriate for both their level and their program. See the chart below.

Bloc A - 1 course only		Bloc B - 1 course only	
	Creative Arts & related technology programs	Social Science & related technology programs	Science & related technology programs
¹ 602-100 602-101 602-102 602-103	602-BXB 602-BXD 602-BXY 602-BXN	602-BXB 602-BXG 602-BXK 602-BXU	602-BXB 602-BXF 602-BXJ 602-BXZ
¹ Some students may be required to take additional courses before qualifying for 602-100 (Basic French).			
	<u>Last course passed</u> 602-011 or 602-FRA 602-007 or 602-005 or 602-04B or 602-FRB 602-008 or 602-009 602-10_	<u>Next course</u> 602-FRB 602-008 602-100 602-BX_ (See chart above)	

Order of French courses for students who DO NOT hold the Certificate of Eligibility for English Instruction (CoE-N):

As part of the requirements for any DEC program, students must complete three French Exit Exam preparation courses. See the chart below.

Préparation à l'EUF 1 : 602-UF0-MQ (Replaces a complementary course)	Préparation à l'EUF 2 : 602-UF1-MQ (Replaces the Bloc A French course)	Préparation à l'EUF 3 : 602-UF2-MQ (Replaces the Bloc B French course)
Some students may be required to take additional courses before qualifying for 602-UF0-MQ. This will depend on your placement level.

Pratique du français langue seconde 1 et 2

602-FRA-DW | 90 hours

Prerequisite: placement - see page 9

Section 03001 Mon. & Wed. 18:00 – 21:00

This course is designed for students who have no knowledge of French. It prepares students for Pratique du français langue seconde 3 et 4 (602-FRB). It does not contribute to fulfillment of college graduation requirements in French. Textbook : Desjardins, Nancy *Par ici*, méthode de français (Niveau A1 CECR/ 1-2 Échelle québécoise), éditions MD, Québec 2017, 160 pages; ISBN : 9782891448024. Approx. \$40. Exercise book also available for approx. \$18.

Pratique du français langue seconde 3 et 4

602-FRB-DW | 90 hours

Prerequisite: 602-FRA or 602-011 or placement - see page 9

Section 03001 Mon. & Wed. 18:00 – 21:00

This course builds on the skills and knowledge developed in 602-011 or 602-FRA and prepares students for 602-008. It does not contribute to the fulfillment of college graduation requirements in French. Textbook : Desjardins, Nancy, *Par ici*, méthode de français (Niveau A1 CECR/ 1-2 Échelle québécoise), éditions MD, Québec 2017, 160 pages; ISBN : 9782891448024. Approx. \$40. Exercise book also available for approx. \$18.

Mise à niveau pour français, langue seconde de la 5e secondaire : accent sur l'oral

602-008-RE | 60 hours

Pas pour les élèves qui ont réussi leur français de la 5^e secondaire

Prerequisite: 602-FRB or 602-04B or 602-005 or 602-007 or placement - see page 9

Section 03001 Thursday 18:00 – 22:00

Ce cours s'adresse aux élèves qui ont une connaissance limitée du français oral et écrit et qui ont besoin de combler leurs lacunes en français avant d'atteindre le niveau de cours 602-100. Ce n'est pas un cours pour débutants. Pour réussir ce cours, les élèves devront réussir les quatre habiletés langagières: expression orale, expression écrite, compréhension orale et compréhension écrite. L'accent sera mis sur l'oral. Coût approximatif du matériel: 60 \$.

Note: 602-008 prépare les élèves pour le cours 602-100 et ne mène pas à l'obtention d'un DEC.

Mise à niveau pour français, accent sur l'écrit

602-009-DW | 60 hours

Pour les élèves qui ont réussi le cours Français langue seconde de la 5^e secondaire et qui ont des lacunes importantes dans la maîtrise de la langue.

Prerequisite: placement - see page 9

Section 03001 Tuesday 18:00 – 22:00

Ce cours s'adresse aux élèves qui ont une connaissance limitée du français oral et écrit et qui ont besoin de combler leurs lacunes en français avant d'atteindre le niveau de cours 602-100. Ce n'est pas un cours pour débutants. Pour réussir ce cours, les élèves devront réussir les quatre habiletés langagières: expression orale, expression écrite, compréhension orale et compréhension écrite. L'accent sera mis sur l'écrit. Coût approximatif du matériel : 60 \$.

Note: 602-009 prépare les élèves pour le cours 602-100 et ne mène pas à l'obtention d'un DEC.

Basic French (Français de base)

602-100-MQ | 45 hours

Bloc A

Prerequisite: 602-008 or 602-009 or placement - see page 9

Section 03001 Thursday 18:00 – 21:00

Section 03002 Tuesday 18:00 – 21:00 (on reserve)

Ce cours s'adresse aux élèves qui ont une connaissance de base du français oral et écrit. Des exercices divers serviront à développer les quatre habiletés langagières: la compréhension orale, l'expression orale, la lecture et surtout l'écriture. Coût approximatif du matériel : 50 \$

French Language and Communication (Langue française et communication)

602-101-MQ | 45 hours

Bloc A

Prerequisite: placement - see page 9

Section 03001 Thursday 18:00 – 21:00

Section 03001 Tuesday 18:00 – 21:00 (on reserve)

Ce cours s'adresse aux élèves qui ont une connaissance moyenne du français oral et écrit. Il leur permettra de communiquer en français avec une certaine aisance. À la fin de ce cours, les élèves seront capables d'interpréter et de produire diverses communications orales et écrites. Coût approximatif du matériel : 55 \$

French Language and Culture (Langue française et culture)

602-102-MQ | 45 hours

Bloc A

Prerequisite: placement - see page 9

Section 03001 Thursday 18:00 – 21:00

Section 03002 Tuesday 18:00 – 21:00 (on reserve)

Ce cours s'adresse aux élèves qui ont une bonne connaissance du français oral et écrit. Il les mettra en contact avec la culture et la littérature francophones, leur permettant ainsi de communiquer en français avec aisance. À la fin de ce cours les élèves seront capables d'interpréter et de produire divers textes écrits, de comprendre des documents audio et de produire des exposés oraux. Coût approximatif du matériel : 55 \$

French Culture and Literature (Culture française et littérature)

602-103-MQ | 45 hours

Bloc A

Prerequisite: placement - see page 9

Section 03001 Thursday 18:00 – 21:00

Ce cours s'adresse aux élèves qui maîtrisent suffisamment le français écrit pour traiter de sujets d'ordre culturel et littéraire. Il porte sur des thèmes culturels variés ainsi que sur les différents genres littéraires. Ce cours, en plus de développer l'aptitude de la rédaction, permettra aux étudiants d'améliorer leur sens critique. Par ailleurs, les élèves seront initiés à l'analyse littéraire. Coût approximatif du matériel : 50 \$

Comprendre et mieux s'exprimer

602-BXB-DW | 45 hours

Bloc B – All programs

Prerequisite: 602-100

Section 03001 Tuesday 18:00 – 21:00

Ce cours, qui est la suite du cours 602-100, vise à rendre l'élève capable de communiquer (parler, lire, comprendre et écrire) avec une certaine facilité. Il prend en considération les connaissances des élèves, notamment celles acquises dans le cours 602-100. Coût approximatif du matériel : 50 \$

Visions actuelles

602-BXD-DW | 45 hours

Bloc B – 101 Level – Creative Arts

or

Aspects de la science et des techniques

602-BXF-DW | 45 hours

Bloc B – 101 Level – Science

or

Actualités des sciences humaines

602-BXG-DW | 45 hours

Bloc B – 101 Level – Social Science

Prerequisite: 602-101

Section 03001 Monday 18:00 – 21:00

Ce cours, qui est la suite du cours 602-101, met à la disposition des élèves les moyens de s'exprimer aisément en français, oralement et par écrit, dans le cadre de la discipline qui leur est spécifique par des œuvres relevant de leur domaine de spécialisation. À la fin du cours, les élèves devraient être en mesure de fonctionner en français sur le plan professionnel. Coût approximatif du matériel : 50 \$

Regards sur les sciences et les techniques

602-BXJ-DW | 45 hours

Bloc B – 102 Level – Science

or

Regards sur les sciences humaines

602-BXK-DW | 45 hours

Bloc B – 102 Level – Social Science

or

En marge des mots: Regards sur les arts et la littérature

602-BXY-DW | 45 hours

Bloc B – 102 Level – Creative Arts

Prerequisite: 602-102

Section 03001 Wednesday 18:00 – 21:00

Ce cours, qui est la suite du cours 602-102, met à la disposition des élèves les moyens de s'exprimer aisément en français, oralement et par écrit, dans le cadre de leur programme d'études. À la fin du cours, les élèves devraient être en mesure de mieux fonctionner en français sur le plan professionnel. Coût approximatif du matériel : 50 \$

Découvertes et création

602-BXN-DW | 45 hours

Bloc B – 103 Level – Creative Arts

or

Les sciences humaines en français

602-BXU-DW | 45 hours

Bloc B – 103 Level – Social Science

or

Le français des sciences et des techniques

602-BXZ-DW | 45 hours

Bloc B – 103 Level – Science

Prerequisite: 602-103

Section 03001 Wednesday 18:00 – 21:00

Ce cours, qui est la suite de 602-103, permet aux élèves d'analyser et de rédiger, à l'aide d'ouvrages de référence, des textes variés portant sur des sujets liés à leur domaine d'études. À la fin du cours, les élèves devraient être en mesure de mieux fonctionner en français sur le plan professionnel. Coût approximatif du matériel : 50 \$

Communiquer en français pour l'EUF

602-RF1-DW | 60 hours

Mise à niveau 1

Prerequisite: not available at this time

Section 03001 Wednesday 18:00 – 22:00

Ce cours est le premier d'une série de deux activités de renforcement de 60 heures préalables à la séquence préparatoire à l'Épreuve uniforme de français. Par l'entremise d'au moins une œuvre littéraire simple du XX^e ou du XXI^e et de textes courants, l'élève renforcera ses aptitudes pour la lecture et l'écriture en français. L'élève révisera plusieurs notions grammaticales. Il ou elle apprendra enfin à structurer les paragraphes du développement d'une rédaction de 250 mots, qui prendra la forme d'une explication de texte sur une œuvre littéraire, un texte courant ou un extrait. L'élève apprendra à rédiger son texte dans un français correct lui permettant de réussir l'Épreuve uniforme de français au terme de son parcours.

Renforcement de français 2

602-RF2-DW | 60 hours

Mise à niveau 2

Prerequisite: not available at this time

Section 03001 Monday 18:00 – 22:00

Section 03002 Tuesday 18:00 – 22:00

Section 03003 Thursday 18:00 – 22:00

Section 03004 Wednesday 18:00 – 22:00 (on reserve)

Ce cours est le deuxième d'une série de deux activités de renforcement de 60 heures préalables à la séquence préparatoire à l'Épreuve uniforme de français. Par l'entremise d'au moins une œuvre littéraire complète contemporaine du XX^e ou du XXI^e et de textes courants, l'élève renforcera ses aptitudes pour la lecture et l'écriture en français. L'élève révisera plusieurs notions grammaticales. Il ou elle apprendra enfin à structurer les paragraphes du développement d'une rédaction de 500 mots, qui prendra la forme d'une explication de texte ou d'un commentaire de texte sur une œuvre littéraire ou un extrait. L'élève apprendra à rédiger son texte dans un français correct lui permettant de réussir l'Épreuve uniforme de français au terme de son parcours.

Oeuvres narratives et écriture

602-UF0-MQ | 45 hours

Complémentaire 1

Prerequisite: not available at this time

Section 03001 Monday 18:00 – 21:00

Ce cours est le premier d'une série de trois activités préparatoires permettant d'acquérir les compétences en langue et littérature nécessaires à la réussite de l'Épreuve uniforme de français (EUF). Par l'entremise d'au moins une œuvre littéraire narrative complète et de plusieurs extraits d'œuvres narratives issues de la littérature française, et aussi possiblement de la littérature québécoise d'expression française, l'élève développera sa connaissance de la littérature et renforcera ses aptitudes pour la lecture en français. En étudiant des romans et des nouvelles appartenant à des courants majeurs allant du classicisme au naturalisme, l'élève acquerra une connaissance du langage littéraire associé à l'étude de ce genre en plus de réviser certaines notions linguistiques. Il ou elle apprendra enfin à structurer le développement d'une dissertation explicative portant sur un sujet avec un seul texte et à le rédiger dans un français correct.

GEOGRAPHY

Introduction to Geography

320-1N1-DW | 45 hours

320-102-DW* | 45 hours

No prerequisite

Section 03001 Monday 18:30 – 21:30

Section 03002 Friday 18:30 – 21:30

This course introduces students to the foundations of geographical knowledge. It examines some of the main features, processes, and systems that characterize and shape the human and physical worlds on Earth, and the interplay and overlap between humanity and nature. Geographical perspectives on key global issues will be presented to emphasize that while geography is sometimes about knowledge of locations and asking 'what's where?', it is also about critical thinking, considering different explanations and perspectives, and asking 'why there?'.

*Only students in the 300.CE program should register for course number 320-102-DW.

HISTORY

Introduction to Global History

330-1N1-DW | 60 hours

No prerequisite

Section 03001 Monday 18:00 – 22:00

Section 03002 Tuesday 18:00 – 22:00 (on reserve)

Section 03003 Wednesday 18:00 – 22:00

Section 03004 Thursday 18:00 – 22:00

This course explores the historical changes and challenges that have marked human civilizations since the 1400s. It promotes an understanding of the historical interactions between different cultures and regions of the world. A major point of focus will be on systems that have shaped and continue to greatly impact populations, such as imperialism, capitalism, patriarchy, enslavement, settler-colonialism and decolonization. The course examines populations from various geographic regions and compares their economies, cultures, religions, political ideas, and environment. One objective is to offer a better comprehension of the historical roots of this long history of interconnection. This course surveys the social, cultural, political, environmental, and economic evolution of the world's human societies by focusing on various themes such as social and political revolution, industrialization, colonialism, imperialism, totalitarianism, war in the 20th and 21st century, and decolonization.

Applied Social and Economic History: Empires - Global Economic, Political and Social Dominance

330-325-DW | 45 hours

Prerequisite: Western Civilization 330-101

Section 03001 Thursday 18:30 – 21:30

In this course, concrete historical situations will be chosen to explore Empires and their global economic, political and social dominance. The instructor will choose specific topics/themes from concrete historical examples of Empires. These may include ancient empires, indigenous empires in the Americas (for example, Mayan, Inca or Aztec), the European empires that colonized the Americas or the later European colonization of the African continent, much of Asia and the Middle East. Students will learn to assess and interpret the important consequences for the human experience resulting from the impact of social, cultural, political and economic dominance. The competencies include the ability to identify concrete situations related to social, political and cultural themes using historical concepts and approaches, as well as primary and secondary sources.

HUMANITIES

The sequence of courses is 345-101-MQ (formerly 345-103-04), 345-102, 345-BXH.

Knowledge

345-101-MQ | 60 hours

No prerequisite

Section 03001 Monday 18:00 – 22:00

Section 03002 Tuesday 18:00 – 22:00

Section 03003 Wednesday 18:00 – 22:00

Section 03004 Thursday 18:00 – 22:00

Section 03005 Wednesday 18:00 – 22:00

Section 03006 Monday 18:00 – 22:00

Section 03007 Thursday 18:00 – 22:00

Section 03008 Tuesday 18:00 – 22:00

Section 03009 Wednesday 18:00 – 22:00 (on reserve)

Section 03010 Thursday 18:00 – 22:00 (on reserve)

For the Knowledge courses the common learning objectives are: to recognize the basic elements of a form of knowledge; to define the modes of organization and utilization of a form of knowledge; to situate a form of knowledge within its historical context; to organize the main components into coherent patterns; and to produce a synthesis of the main components. Each group/section focuses on a particular area of interest.

Students who have passed a *Philosophie* course 340-xxx-xx at a French CEGEP should check with an Academic Advisor before registering for this course.

World Views

345-102-MQ | 45 hours

Prerequisite: 345-101

Section 03001 Monday 18:30 – 21:30

Section 03002 Tuesday 18:30 – 21:30

Section 03003 Thursday 18:30 – 21:30

Section 03004 Wednesday 18:30 – 21:30

In the World Views courses the common learning objectives are: to describe world views; to explain the major ideas, values, and implications of world views; to organize the ideas, values and experiences of a world view into coherent patterns; and to compare world views. Each group/section focuses on a particular area of interest.

Students who have passed a *Philosophie* course 340-xxx-xx at a French CEGEP should check with an Academic Advisor before registering for this course.

Applied Themes in Humanities: Ethical Issues

345-BXH-DW | 45 hours

Prerequisite: 345-101 or 345-103 and 345-102

Section 03001 Thursday 18:30 – 21:30

Section 03002 Tuesday 18:30 – 21:30

Section 03003 Wednesday 18:30 – 21:30

Section 03004 Tuesday 18:30 – 21:30 (on reserve)

In the Ethical Issues courses students will learn: to situate significant ethical issues in relation to their appropriate world views and forms of knowledge; to explain the major ideas, values, and social implications of these ethical issues; to organize ethical questions and their implications into coherent patterns; and to debate ethical issues. Each group/section focuses on a particular area of interest.

Students who have passed a *Philosophie* course 340-xxx-xx at a French CEGEP should check with an Academic Advisor before registering for this course.

ITALIAN

Italian I

608-111-DW | 45 hours

No prerequisite

608-BWL-03* | 45 hours

Complementary course number*

Section 03001 Thursday 18:00 – 21:00

This course is designed for students who have no prior knowledge of Italian, formal or informal. The course will develop four basic language skills: speaking, writing, listening comprehension and reading comprehension. It will focus on basic grammatical structures and vocabulary, controlled and spontaneous expression, oral/written assignments, and an introduction to culture. Language learning will be enhanced through the use of various audiovisual media, as well as learning activities in the language lab. Approximate cost of textbook: \$125. (eBook \$105).

*Students in a DEC program (*not* 08125, 08128, 08040 or 08072) who are taking this course as a complementary should register for course number 608-BWL-03.

MATHEMATICS

The sequence of courses is 201-016 (formerly 201-013 or 201-007), 201-015 (formerly 201-009), 201-NYA, 201-NYB or 201-NYC. See the chart on page 37.

Remedial Activities for Secondary IV Mathematics

201-016-RE | 75 hours

Prerequisite: High School Mathematics 563-404 or 563-414 or H.S. Mathematics 416 or 504 or 514 or 574 or H.S. Mathematics 426 taken in the regular day sector prior to 2011 or taken in the Adult Education sector, or equivalent

Section 03001 Tues. & Thurs. 18:00 – 20:30

Section 03002 Mon. & Wed. 18:00 – 20:30

Section 03003 Saturday 9:00 – 14:00

Section 03004 Mon. & Wed. 18:00 – 20:30

Section 03005 Tues. & Thurs. 18:00 – 20:30

Section 03006 Saturday 9:00 – 14:00

This course can serve as a prerequisite for programs requiring Mathematics 406 or 436. It does not replace the Mathematics required for general admission to CEGEP. This course introduces the fundamental operations with algebraic expressions, including products, factoring, long division, combining fractions, laws of exponents and radicals. Linear equations and inequalities in one or two unknowns and quadratic equations are included and their graphing with computer software is introduced. The quadratic formula, introduction to triangle trigonometry and word problem applications are also included. This course prepares students for Remedial Activities for Sec. V Mathematics 201-015. Text: Sabetghadam, Noushin. Remedial Activities for Secondary IV Mathematics. DC Printing. Approx. \$23 (also available online in pdf file)

Remedial Activities for Secondary V Mathematics

201-015-RE | 90 hours

Prerequisite: High School Mathematics 564-406 or 565-406 or 564-426 or 565-426 or H.S. Mathematics 436 or 526 or CEGEP Mathematics 201-016 or equivalent

Section 03001 Mon. & Wed. 18:00 – 21:00

Section 03002 Tues. & Thurs. 18:00 – 21:00

Section 03003 Mon. & Wed. 18:00 – 21:00

Section 03004 Fri. 18:00 – 21:00 & Sat. 11:00 – 14:00

This course prepares students for college-level mathematics and can be used as a prerequisite for programs requiring Mathematics 506 or 536. This course includes different types of functions such as exponential, logarithmic, quadratic, square-root, rational and piece-wise functions, composition and inverse of functions, equations, area and volume, vectors and trigonometry. Text: McArthur, George. Remedial Activities for Sec. V Math (Functions & Trigonometry). DC Printing. Approx. \$24 (also available online in pdf file)

Calculus I: Differential Calculus for Social Sciences

201-MA1-DW | 75 hours

201-103-DW* | 75 hours

Prerequisite: High School Sec. V Mathematics – Technical & Scientific option or Science option 564-506 or 565-506 or CEGEP Mathematics 201-015 or equivalent

Section 03001 Mon. & Wed. 18:00 – 20:30

*Please note: Students who plan to take Calculus II in Continuing Education at Dawson College should register for Calculus I course 201-NYA-05 and **not** 201-MA1-DW or 201-103-DW Calculus I (Social Science/Commerce).*

The course focuses on limits and continuity of a function, the derivative, techniques of differentiation, as well as applications to the social sciences, including curve sketching, marginal analysis and optimization problems. This course is not a substitute for Mathematics 201-NYA-05.

*Only students in the 300.CE program should register for course number 201-103-DW.

Probability & Statistics

201-BZS-05 | 75 hours

Prerequisite: Calculus II 201-NYB

Section 03001 Saturday 9:00 – 14:00

Students will learn about counting problems, probability, random variables, mean, variance and standard deviation, binomial, Poisson and normal distributions, chi-square distribution, descriptive statistics, statistical inferences, tests of hypotheses, estimation of parameters, and linear correlation. Text: OpenIntro Statistics by David M. Diez, Christopher D. Barr, Mine C. Çetinkaya-Rundel

Calculus I

201-NYA-05 | 75 hours

Prerequisite: High School Sec. V Mathematics – Technical & Scientific option or Science option 564-506 or 565-506 or CEGEP Mathematics 201-015 or equivalent

Section 03001 Mon. & Wed. 18:00 – 20:30

Section 03002 Tues. & Thurs. 18:00 – 20:30

Section 03003 Saturday 9:00 – 14:00

Section 03004 Saturday 9:00 – 14:00

Section 03005 Saturday 9:00 – 14:00

Section 03006 Saturday 9:00 – 14:00 (on reserve)

*Please note: Students who plan to take Calculus II in Continuing Education at Dawson College should register for Calculus I course 201-NYA-05 and **not** 201-MA1-DW or 201-103-DW Calculus I (Social Science/Commerce).*

This course includes limits and continuity, differentiation, applications of the derivative to curve sketching, maximum and minimum word problems and related rates problems, anti-differentiation and the indefinite integral. *Text: Stewart, James. Single Variable Calculus. 2nd ed. Cengage. Approx. \$145.*

Calculus II

201-NYB-05 | 75 hours

Prerequisite: Calculus I 201-NYA or equivalent

Section 03001 Saturday 9:00 – 14:00

Section 03002 Tues. & Thurs. 18:00 – 20:30

Students who require 201-203 or 201-204 may take this course only if they have completed 201-NYA.

This course offers further topics on the definite integral and its applications, techniques of integration, indeterminate forms and l'Hôpital's Rule, improper integrals, convergence of infinite series. *Text: Stewart, James. Single Variable Calculus. 2nd ed. Cengage. Approx. \$145.*

Linear Algebra

201-NYC-05 | 75 hours

Prerequisite: High School Sec. V Mathematics – Technical & Scientific option or Science option 564-506 or CEGEP Mathematics 201-015 or equivalent

Recommended: Calculus I 201-NYA

Section 03001 Mon. & Wed. 18:00 – 20:30

Section 03002 Saturday 9:00 – 14:00

This course includes the study of systems of linear equations and elementary operations, matrices and determinants, vectors, lines, planes and vector spaces. *Text: Anton, Howard. Elementary Linear Algebra Custom ed. Wiley. Approx. \$65*

METHODS

Introduction to Social Research

300-1R1-DW | 45 hours

No prerequisite

Section 03001 Tuesday 18:00 – 21:00

Section 03002 Wednesday 18:00 – 21:00

Introduction to Social Science Research (IR) is the first of the four methodology courses and is normally taken in the student's first term of the program. The goal of the course is to develop and apply appropriate work methods to the social science disciplines. Students learn and practice skills such as accessing and organizing relevant information, using appropriate technologies, identifying academic and non-academic sources, evaluating the reliability of the sources, summarizing an author's main idea, citing sources, building a bibliography, communicating their ideas orally and in writing, and effectively working in a group. This course establishes a practical foundation for successful and ethical work in the social sciences and is the pre-requisite for the two methodology courses that follow: Qualitative Methods and Quantitative Analysis.

Research Methods

300-300-DW | 60 hours

No prerequisite

Section 03001 Monday 18:00 – 22:00

You must be preregistered in this course by an Academic Advisor. Please send an email to conted@dawsoncollege.qc.ca with your Dawson student number if you require this course this semester.

This is the first of the three methodology courses and is normally taken in the student's second term of the program. The goal of the course is to apply the scientific approach to the various social science disciplines. Students identify a research problem and follow the steps to select a research method appropriate to the problem, produce a data collection tool, collect, analyze and interpret the data. The culmination of the process is a research report that presents the research steps in the context of a brief literature review of the topic. Approximate cost of textbook and materials: \$65-\$120.

Quantitative Methods

360-300-DW | 60 hours

Prerequisite: Research Methods 300-300

Section 03001 Thursday 18:00 – 22:00

This is the second of the three methodology courses. It builds on the introduction to social science research covered in Research Methods. This course teaches students to apply statistical tools to the interpretation of data related to contexts of study in the field of social science. The focus of the course is on the analysis of quantitative data as part of the scientific approach. Areas examined are identification of variables, presentation of data, analysis of data using various forms of measurement, determining the nature and link between variables, and estimating the parameters of a given population based on the corresponding statistics obtained from a sample. Approximate cost of textbook and materials: \$65 - \$120.

Integrative Seminar

300-308-DW | 60 hours

300-303-DW | 45 hours

Prerequisite: Research Methods 300-300-DW and Quantitative Methods 360-300-DW

Section 03001 Friday 18:00 – 22:00

The Integrative Seminar is for students planning to complete a DEC in Social Science *this semester*. You must be preregistered in this course by an Academic Advisor. Please send an email to conted@dawsoncollege.qc.ca with your Dawson student number if you require this course for graduation this semester.

Students in the Social Science Program take this course in their final term after having passed Research Methods (300-300-DW) and Quantitative Methods (360-300-DW). The Integrative Seminar provides the student with an opportunity to consider how the various social sciences can work together to contribute to understanding social phenomena. Using multiple social science disciplines, students will explore a topic related to the seminar theme in a series of distinct stages, ultimately producing a long essay on this exploration. This integrative project will address some of the linkages and differences among social sciences and show how their combined use makes for a deeper understanding of the selected topic. Approximate cost of materials: \$0-\$75.

PHILOSOPHY

Introduction to Philosophy

340-1N1-DW | 45 hours

340-101-DW* | 45 hours

No prerequisite

Section 03001 Thursday 18:30 – 21:30

This course will survey central philosophical questions and how influential philosophers have attempted to answer them. Major topics such as the nature of reality, truth, knowledge, justice, personal identity, freedom, responsibility, and meaning will be covered. In a broad sense, this course explores the human condition, and the ways we humans have tried to understand and define ourselves, our world and our possibilities. As this is an introductory course, students will also learn and practice the philosophical fundamentals of sound argumentation. By the end of the course, students will have an understanding of basic problems of philosophy and their development. They will also have a sense of philosophy's relevance and importance for the social sciences, the natural sciences, and contemporary issues.

*Only students in the 300.CE program should register for course number 340-101-DW.

PHYSICAL EDUCATION

Physical Activity and Health: Fitness

109-101-MQ | 30 hours

No prerequisite

Section 03001 Thursday 19:00 – 21:00

Section 03002 Tuesday 19:00 – 21:00

Students will be introduced to the theory and practice of a variety of training methods designed to maintain or improve the health components of fitness: cardiovascular endurance, body composition, muscular endurance, muscular strength, and flexibility. Students will examine the effects that are derived from participation in regular physical activity and identify appropriate activity options based on their interests, needs and abilities. The motivational factors that affect students' participation in regular and sufficient physical activity will be explored. Students will also examine their personal lifestyle habits in order to gain a better understanding of the effects these behaviours have on their health.

Physical Activity and Effectiveness: Fundamental Skills for Sport

109-102-MQ | 30 hours

No prerequisite

Section 03001 Friday 19:00 – 21:10 (*ends December 1*)

Section 03002 Monday 19:00 – 21:10 (*ends December 4*)

This course will introduce students to fundamental movement skills and provides the opportunity to develop the necessary skills needed for effective movement. The skills are practiced in the fitness room. Use of equipment such as plyometric boxes, Swiss balls and BOSU, free weights and machines, bars, elastics, TRX, and ladders will be covered.

Physical Activity and Autonomy: Fitness Activities

109-103-MQ | 30 hours

Prerequisite: 109-101 and 109-102

Section 03001 Monday 19:00 – 21:10 (*ends December 4*)

Section 03002 Tuesday 19:00 – 21:00

In this course students will participate in a variety of wellness activities designed to improve each student's general fitness level in the areas of cardiovascular endurance, muscular endurance, strength, flexibility and body composition. Principles of training and the development of a personally effective and safe fitness program will be emphasized. In addition to participating in class activities, students will plan and carry out an individualized fitness program outside of class time, within their own personal schedule.

PHYSICS

The sequence of courses is 203-001-RE, 203-NYA-05, 203-NYC-05 and 203-NYB-05. Students with no physics background must take Remedial Activities for Secondary IV Environmental Science and Technology (105-003). See the chart on page 37.

Remedial Activities for Secondary V Physics

203-001-RE | 75 hours

Prerequisite: High School Science 558-404 or 402 or Physical Science 436 or CEGEP 105-003 or equivalent as well as High School Mathematics 564-406 or 565-406 or 564-426 or 565-426 or H.S. Mathematics 436 or 526 or CEGEP Mathematics 201-016 or equivalent

Recommended: High School Mathematics 506 or 536 or CEGEP 201-015 or equivalent

Section 03001 Tues. & Thurs. 18:00 – 19:30, Thursday Lab 19:30 – 21:30

Section 03002 Mon. & Wed. 18:00 – 19:30, Wednesday Lab 19:30 – 21:30

Section 03003 Tues. & Thurs. 18:00 – 19:30, Tuesday Lab 19:30 – 21:30

This course is required for all science students who have either not taken, or have not passed, the High School Physics course 553-504. The content is very close to that of Physics 504 and covers the fundamental principles of classical mechanics and geometrical optics. Topics include: free fall, the effects of forces, friction, work and energy in classical mechanics, as well as reflection, refraction, lenses, and mirrors in geometrical optics. *Text: OpenStax College Physics, Dawson College custom edition, cost 0\$ (digital) – 42.50\$ (print).*

Note: This course prepares students for college-level Physics and does not count towards graduation.

Mechanics

203-NYA-05 | 75 hours

Prerequisite: High School Physics 504 or 534 or CEGEP Physics 203-001 or equivalent as well as High School Mathematics 506 or 536 or equivalent e.g., 201-015

Corequisite: Calculus I 201-NYA

Section 03001 Mon. & Wed. 18:00 – 19:30, Wednesday Lab 19:30 – 21:30

Section 03002 Tues. & Thurs. 18:00 – 19:30, Thursday Lab 19:30 – 21:30

Section 03003 Mon. & Wed. 18:00 – 19:30, Monday Lab 19:30 – 21:30 (on reserve)

Topics include: kinematics in one and two dimensions, uniform circular motion, Newton's laws, gravitation, friction, work, energy and power, collisions and conservation of momentum, rotational kinematics and dynamics, torque, angular momentum, and moment of inertia. Approximate cost of textbook: \$75-\$90.

Waves, Optics and Modern Physics

203-NYC-05 | 75 hours

Prerequisite: Mechanics 203-NYA and Calculus I 201-NYA

Corequisite: Calculus II 201-NYB

Section 03001 Mon. & Wed. 18:00 – 19:30, Monday Lab 19:30 – 21:30

Topics include: simple harmonic motion, damping, forced oscillations and resonance, waves in material media (including sound waves), beats and the Doppler effect, geometrical and physical optics, introduction to modern physics. Approximate cost of textbook: \$75-\$90.

Electricity and Magnetism

203-NYB-05 | 75 hours

Prerequisite: Mechanics 203-NYA and Calculus I 201-NYA

Corequisite: Calculus II 201-NYB

Recommended: Waves, Optics and Modern Physics 203-NYC

Section 03001 Mon. & Wed. 18:00 – 19:30, Monday Lab 19:30 – 21:30

Topics include: electrostatics, Coulomb's Law, electric field and potential, lines of force and equipotentials, Gauss's Law, capacitors and dielectrics, DC circuits, the magnetic field, the laws of Biot-Savart and Ampère, magnetic force on moving charges and currents, torque on current loop, electromagnetic induction and Faraday's Law, inductance, energy density of electric and magnetic fields. Approximate cost of textbook: \$75-\$90.

POLITICAL SCIENCE

Introduction to Political Science

385-1N1-DW | 45 hours

385-101-DW* | 45 hours

No prerequisite

Section 03001 Friday 18:30 – 21:30

This course will introduce students to political science as the study of power and governance. Students will learn key political concepts used to explain how decisions are made by and for groups of people. Students will be introduced to the basic institutions of democratic and non-democratic states, to political ideologies, and to governmental and non-governmental actors. Finally, they will reflect critically on a current local and/or global political issue.

*Only students in the 300.CE program should register for course number 385-101-DW.

PSYCHOLOGY**Introduction to Psychology****350-1N1-DW** | 45 hours**350-101-DW*** | 45 hours

No prerequisite

Section 03001 Monday 18:30 – 21:30**Section 03002** Thursday 18:30 – 21:30**Section 03003** Wednesday 18:30 – 21:30**Section 03004** Tuesday 18:30 – 21:30**Section 03005** Tuesday 18:30 – 21:30**Section 03006** Thursday 18:30 – 21:30 – (on reserve)

Introduction to Psychology provides an overview of the scientific approach to the study of behaviour. In addition to providing students with a basic understanding of the scientific method, this course is designed to increase one's awareness and understanding of the interaction of factors which influence human behaviour. This course will look at how the methods and concepts of psychology can be applied to real-life situations and provide fundamental concepts on which to build on in future psychology courses.

*Only students in the 300.CE program should register for course number 350-101-DW.

Developmental Psychology**350-201-DW** | 45 hours

Prerequisite: General Psychology 350-101

Section 03001 Monday 18:30 – 21:30

This course outlines the development of the child and how he/she is influenced by heredity, environment, family, school, and social experiences. Emphasis is placed on the changes that occur in both physical and psychological attitudes during childhood. Discussions also focus on basic concepts and theories related to child development. In addition, developmental processes in adolescence, adulthood, and old age are considered. Approximate cost of textbook: \$110 (less for e-books).

Human Sexual Behaviour**350-306-DW** | 45 hours

Prerequisite: General Psychology 350-101

Section 03001 Wednesday 18:30 – 21:30

This course deals with human sexual development and response patterns. The course addresses itself to the psychological, physiological and socio-cultural factors shaping and influencing human sexual behaviour. Topics will include anatomy and physiology of the sexual response system, development of sexuality and of gender and orientation identity, sexual response patterns, relationships, sexual difficulties, sexual coercion and more. Approximate cost of textbook: \$55-\$110 (less for e-books).

Advanced Studies in Psychology**350-401-DW** | 45 hours

Prerequisite: 350-2XX or 350-3XX

Section 03001 Thursday 18:30 – 21:30

Fourth level courses in Psychology are offered under Advanced Studies in Psychology. Each course focuses on a particular area of interest in psychology. In order to fulfill the competency in this course, students will engage in developing a project to advance their knowledge in a particular topic. No textbook needed for this course.

RELIGION**Introduction to Religious Studies****370-1N1-DW** | 45 hours**370-102-DW*** | 45 hours

No prerequisite

Section 03001 Thursday 18:30 – 21:30 (on reserve)**Section 03002** Friday 18:30 – 21:30

This course introduces students to the major elements of religion. It maps religious diversity by surveying the places and spaces that at least two major religious traditions of the world regard as sacred. It investigates prominent aspects of both personal spirituality and the relationship between religion and society by analyzing selected ritual practices, symbolic representations (in art and decoration), texts, beliefs and social structures. This course will also introduce students to some major theorists of religion and some methods for analyzing selected religious phenomena. Estimated cost of materials: \$25-\$70

*Only students in the 300.CE program should register for course number 370-102-DW.

SECONDARY IV SCIENCE**Remedial Activities for Secondary IV Environmental Science and Technology****105-003-RE** | 75 hours

Prerequisite: High School Science 555-404 or 555-444 or 557-406 or 557-416 or High School Physical Science 416 or equivalent

Recommended: High School Mathematics 564-406 or 565-406 or 564-426 or 565-426 or H.S. Mathematics 436 or 526 or CEGEP Mathematics 201-016 or equivalent

Section 03001 Tues. & Thurs. 17:30 – 19:45, Tuesday Lab (5 weeks) 19:00 – 22:00**Section 03002** Tues. & Thurs. 17:30 – 19:45, Thursday Lab (5 weeks) 19:00 – 22:00**Section 03003** Mon. & Wed. 17:30 – 19:45, Wednesday Lab (5 weeks) 19:00 – 22:00**Section 03004** Mon. & Wed. 17:30 – 19:45, Monday Lab (5 weeks) 19:00 – 22:00**Section 03005** Tues. & Thurs. 17:30 – 19:45, Tuesday Lab (5 weeks) 19:00 – 22:00**Section 03006** Tues. & Thurs. 17:30 – 19:45, Thursday Lab (5 weeks) 19:00 – 22:00 (on reserve)

This course corresponds to the optional High School course Environmental Science and Technology 558-404. It is designed for students who have not taken the course Environmental Science and Technology (558-404) or Physical Science 436 or 982-003. The course examines genetic principles and continues the study of the behaviour of matter and the transformation of energy. At the end of this course the student will be able to explain the properties of matter and the periodic table, solve problems involving chemical changes and nuclear transformations, solve problems by using the laws of electricity and electromagnetism and the transformation of energy, describe the basic characteristics related to genetics and verify several scientific laws and principles experimentally. *Textbook package: Hewitt and Simon. Secondary IV Science 982-003-50/105-003-RE. Pearson Custom Edition. Electronic copy available online. Approx. \$50. Lab Manual: Remedial Activities for Secondary 4 Science provided electronically.*

Note: This course prepares students for 202-001-RE (Remedial Activities for Secondary V Chemistry) and 203-001-RE (Remedial Activities for Secondary V Physics). It can be used as a prerequisite for programs requiring Environmental Science and Technology (558-404). It **CANNOT** be used for the high school Environmental Science and Technology (558-404) or Science of the Environment (558-402) graduation requirements.

SOCIOLOGY**Introduction to Sociology****387-1N1-DW** | 45 hours**387-101-DW*** | 45 hours

No prerequisite

Section 03001 Monday 18:30 – 21:30**Section 03002** Wednesday 18:30 – 21:30

This course introduces students to the basic ideas and perspectives of sociological investigation and interpretation. Students will learn how individuals are shaped and social groups are formed through processes of culture, socialization, interpersonal interaction and organizational life. Students are introduced to the major areas of sociological research that will enable them to interpret events, patterns, and issues from a sociological perspective in the context of socially, economically, and culturally diverse society.

*Only students in the 300.CE program should register for course number 387-101-DW.

Social Deviance

387-311-DW | 45 hours

Prerequisite: Individual and Society 387-101

Section 03001 Tuesday 18:30 – 21:30

Social deviance refers to criminal and non-criminal behaviours that evoke negative reactions ranging from mild disapproval to widespread condemnation. This course examines a variety of deviant behaviours, their causes and the responses of various agents of social control, including the police and courts. The major sociological perspectives on deviance serve as a focus for discussion, and particular attention is paid to deviance in contemporary Canadian society.

SPANISH

Spanish I

607-111-DW | 45 hours

No prerequisite

607-BWL-03* | 45 hours

Complementary course number*

Section 03001 Wednesday 18:00 – 21:00

This course is designed for students who have no prior knowledge of Spanish, formal or informal. The course will develop four basic language skills: speaking, writing, listening comprehension, and reading comprehension. It will focus on basic grammatical structures and vocabulary, controlled and spontaneous expression, oral/written assignments, and an introduction to culture. Language learning will be enhanced through the use of various audiovisual media, as well as additional learning activities in the language lab. The required textbook must be purchased new from the Dawson bookstore ONLY: Spanish Level 1 Dawson College Custom Textbook *Plazas*, Cengage (2017) + MindTap Code \$50 (1 semester – ISBN 9781778414831)

*Students in a DEC program (*not* 08125, 08128, 08040 or 08072) who are taking this course as a complementary should register for course number 607-BWL-03.

COMPLEMENTARY COURSES FOR DEC PROGRAMS

Complementary courses must be selected from domains (or areas) considered to be outside the student's field of concentration or specialization. Some domains are only open to certain programs. Within each domain there are two ensembles. Only one course per ensemble can be chosen from each domain.

This semester we are offering complementary courses in the following domains:

LANGUAGE OF MATHEMATICS AND COMPUTERS Domain

Ensemble 1

420-BWC-03 Introduction to Computers

Ensemble 2

420-BXC-03 Web Site Creation

MODERN LANGUAGES Domain

Ensemble 1

607-BWL-03 Spanish I

608-BWL-03 Italian I

Ensemble 2

None offered in Continuing Education

ARTS AND AESTHETICS Domain

Ensemble 1

520-BWA-03 Canadian Art in Context

530-BWA-03 Cinema and Culture

Ensemble 2

511-BXA-03 Drawing Techniques

511-BXA-03 Introduction to Painting

511-BXA-03 Collage and Mixed Media

The first three numbers of the course identify the subject (discipline).

THE ENGLISH EXIT TEST

Ministerial Examination of College English

The Ministerial Examination of College English (the English Exit Test) is a four-hour examination that takes place twice a year, in May and December, with a make-up test in August. All students completing a program of study are required to pass the examination in order to obtain a DEC.

Students are eligible to write the English Exit Test after they have successfully passed the three Block A English courses: 603-101, 603-102, and 603-103. However, students may register for the exam if they have only 603-102 or 603-103 left to complete and are currently taking it.

The next English Exit Test will take place on Wednesday, December 13, 2023. All students wishing to write this exam must register on-line between October 11 and 31, 2023. For more information about the English Exit Test, please contact the English Exit Test Coordinator by email at eet@dawsoncollege.qc.ca, or call 514-931-8731, ext. 3948 or visit the webpage. <http://www.dawsoncollege.qc.ca/registrar/english-exit-test/>

SCIENCE COURSE SEQUENCES

Please consult an Academic Advisor if you have questions about prerequisites.

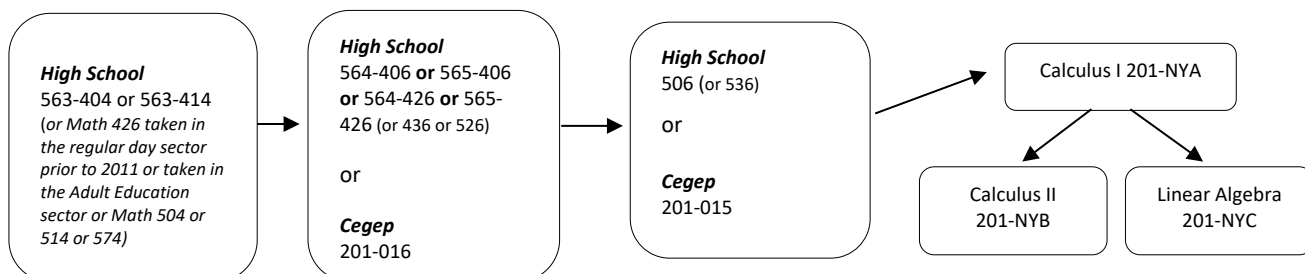

Biology: Course sequence

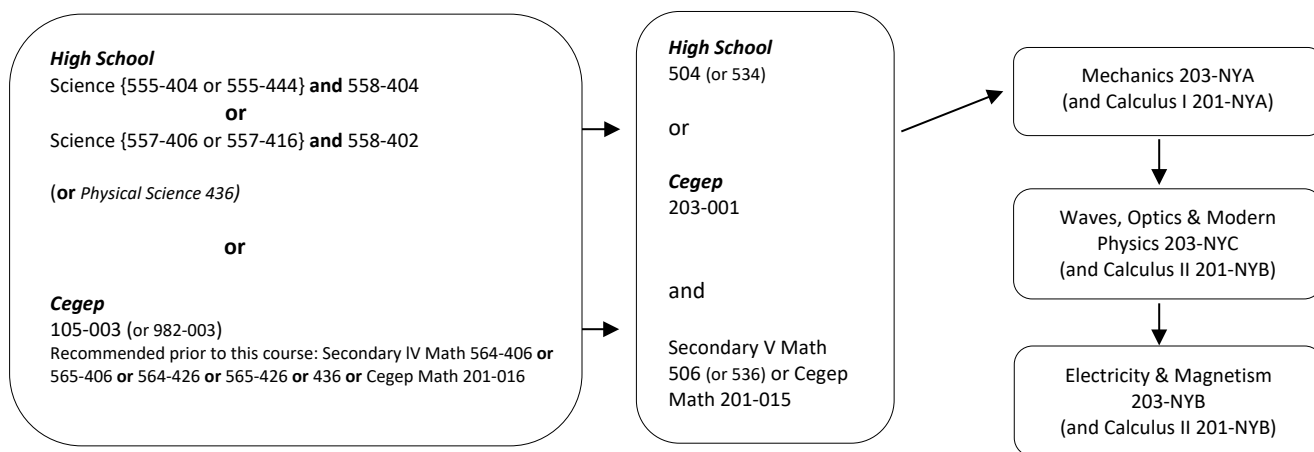

Chemistry: Course sequence

Mathematics: Course sequence

Physics: Course sequence

To view previous final exams for some of the above courses, go to the Dawson website (www.dawsoncollege.qc.ca) and use the SEARCH box on the upper right-hand side to do a search for the Chemistry, Mathematics or Physics department. Once on the department page, scroll down and click on "PREVIOUS FINAL EXAMS."

SCIENCE GRADUATION REQUIREMENTS

Program 200.B0 (200.BC)

The following is an outline of the Science program. The outline indicates all graduation requirements as well as the order in which these are completed by full-time students. Continuing Education students should follow this order when choosing their courses.
N.B. Due to the limited course selection, it may not be possible to complete the Science program through Continuing Education.

	Semester 1 7 courses	Semester 2 7 courses	Semester 3 6 courses	Semester 4 6 courses
4 English	603-101-MQ	603-102-MQ	603-103-MQ	603-BXE
3 Humanities	345-101-MQ (formerly 345-103-04)	345-102-MQ		345-BXH
12 Concentration: Compulsory & Option <i>See explanation below*</i>	201-NYA Calculus I	201-NYB Calculus II	201-NYC Linear Algebra	Option
	203-NYA Mechanics	203-NYC Waves, Optics & Modern Physics	203-NYB Electricity & Magnetism	Option
	202-NYA General Chemistry	202-NYB Chemistry of Solutions	101-NYA General Biology I	Option
3 Physical Education	109-101-MQ (formerly 109-103-02)	109-102-MQ (formerly 109-104-02)	109-103-MQ (formerly 109-105-02)	
2 French		602-10_-MQ		602- BX_-DW
2 Complementary <i>See explanation below**</i>	Complementary 1		Complementary 2	
Other graduation requirements: 1. English Exit Test 2. Comprehensive Examination***				

*Concentration Courses (compulsory and option)

The 9 compulsory courses are:
Mathematics NYA, NYB, NYC
Chemistry NYA, NYB
Physics NYA, NYB, NYC
Biology NYA
(Mathematics/Science courses below these levels cannot be used towards graduation requirements.)

The 3 option courses **must** be chosen from:

- General Biology II 101-BZE
- Anatomy & Physiology 101-BZH
- Calculus III 201-BZF
- Statistics 201-BZS
- Organic Chemistry I 202-BZF
- Organic Chemistry II 202-BZG
- Astrophysics 203-BZA
- Engineering Physics 203-BZE
- Physical Geology 205-BZG
- Introduction to Computer Programming in Engineering & Science 360-420

**Complementary courses

Complementary courses **must be chosen** from the following domains:
Arts & Aesthetics, Computer Science, and Modern Languages,
and from subjects **NOT** used in your concentration (maximum of one course per ensemble per domain).

Students who take a Computer Science complementary course may not take a Computer Science course as a concentration.

***Comprehensive examination

For details about the Comprehensive Examination please go to:
<http://www.dawsoncollege.qc.ca/registrar/comprehensive-examination/>

SOCIAL SCIENCE GRADUATION REQUIREMENTS

Program 300.A0 (300.CO, 300.CE) – *for students admitted to 300.CE prior to and including Winter 2023*

The following is an outline of the Social Science program. The outline indicates all graduation requirements as well as the order in which these are to be completed by full-time students. Continuing Education students should follow this order when choosing their courses. N.B. Due to the limited course selection, it may not be possible to complete the Social Science program through Continuing Education.

	Semester 1 7 courses	Semester 2 8 courses	Semester 3 7 courses	Semester 4 7 courses
4 English	603-101-MQ	603-102-MQ	603-103-MQ	603-BXE
3 Humanities	345-101-MQ (formerly 345-103-04)	345-102-MQ		345-BXH
12 Concentration: Compulsory & Option <i>See explanation below*</i>	Compulsory 383-101 Introduction to Economics	Compulsory 330-101 Western Civilization	100 level option (See list below)	200 level option
	Compulsory 350-101 General Psychology	100 level option (See list below)	200 level option	300 level option
	100 level option (See list below)	200 level option	300 level option	400 level option
3 Methodology		300-300 Research Methods	360-300 Quantitative Methods	300-308 (or 300-303**) Integrative Seminar
3 Physical Education	109-101-MQ (formerly 109-103-02)	109-102-MQ (formerly 109-104-02)		109-103-MQ (formerly 109-105-02)
2 French	602-10_-MQ		602- BX_-DW	
2 Complementary <i>See explanation below***</i>		Complementary 1	Complementary 2	
Other graduation requirements: 1. English Exit Test 2. Comprehensive Examination				

*Concentration courses (compulsory and option)

▪ In addition to the three compulsory 100 level courses in Psychology, History and Economics, you must choose **three** other 100 level (introductory) courses from the following:

Business Administration 401-101-DW, Anthropology 381-101-DW, Biology 101-921-DW, Classics 332-101-DW, Geography 320-101-DW, Philosophy 340-101-DW, Political Science 385-101-DW, Religion 370-102-DW, Sociology 387-101-DW, Mathematics 201-103-DW or 201-104-DW

▪ You must pass six courses at the 100 level; three at the 200 level; two at the 300 level, and one at the 400 level. The 200 and 300 level courses are selected from subjects that you have passed at the 100 level. The 400 level course is selected from a subject that you have passed at the 200 **or** 300 level. You can take a minimum of one course and a maximum of 4 courses per subject.

If you choose to take math courses please note the following: You may take 1, 2, or 3 Math courses in your program: Calculus I (100 level), Calculus II (300 level) and Linear Algebra (200 level). **If you take 2 or 3 Math courses, you do not take a 400 level course.**

****If you take 3 Math courses, you take Integrative Seminar 300-303 not 300-308.**

***Complementary courses

Complementary courses must be chosen from the following domains:

Arts and Aesthetics,
Computer Science,
Language of Mathematics,
Modern Languages,
and Science and Technology,
and from subjects **NOT** used
in your concentration
(maximum of one course per
ensemble per domain).

SOCIAL SCIENCE GRADUATION REQUIREMENTS

Program 300.A0 (300.CG) – *for students admitted to 300.CG as of Fall 2023 WITH a Certificate of Eligibility for English Instruction (CoE-Y)*

The following is an outline of the Social Science program. The outline indicates all graduation requirements as well as the order in which these are to be completed by full-time students. Continuing Education students should follow this order when choosing their courses.

N.B. Due to the limited course selection, it may not be possible to complete the Social Science program through Continuing Education.

	Semester 1 7 courses	Semester 2 8 courses	Semester 3 7 courses	Semester 4 8 courses
4 English	603-101-MQ	603-102-MQ	603-103-MQ	603-BXE
3 Humanities		345-101-MQ	345-102-MQ	345-BXH
12 Concentration:	383-1N1-DW Introduction to Economics	330-1N1-DW Introduction to Global History	T3 Introduction Course	T4 Introduction Course
Compulsory & Option	350-1N1-DW Introduction to Psychology	T2 Introduction Course or University Prereq	T3 Analysis 2	T4 Analysis 3
See explanation below*	T1 Introduction Course or University Prereq (See list below)	T2 Analysis 1	T3 Thematic or University Prereq	T4 Observation
4 Methodology	300-1R1-DW Introduction to Social Science Research	300-QA1-DW Quantitative Analysis	300-QL1-DW Quantitative Methods	300-1S1-DW Integrative Seminar
3 Physical Education	109-101-MQ	109-102-MQ		109-103-MQ
2 French		602-10_-MQ	602- BX_-DW	
2 Complementary See explanation below***	Complementary 1			Complementary 2
Other graduation requirements: 1. English Exit Test 2. Comprehensive Examination				

*Concentration courses (compulsory and option)

▪ In addition to the three compulsory courses in Psychology, History and Economics, you must choose **four** other introduction courses from the following:

Business Administration 401-1N1-DW, Anthropology 381-1N1-DW, Classics 332-1N1-DW, Geography 320-1N1-DW, Philosophy 340-1N1-DW, Political Science 385-1N1-DW, Religion 370-1N1-DW, Sociology 387-1N1-DW

You may choose up to **three** university prerequisite course options:

Behavioural Biology 101-B11-DW, Calculus I: Differential Calculus for Social Science 201-MA1-DW, Linear Algebra and Vector Geometry for Social Science 201-MA3-DW, Probability and Statistics for Social Sciences 201-MA4-DW

▪ You must pass **seven** courses at the introduction and/or university prerequisite course level; **three** at the analysis level; **one** at the thematic or university prerequisite course level; and **one** at the observation level. Analysis, thematic and observation courses can only be taken if the corresponding introduction level course has been completed.

You can choose up to three university prerequisite courses, which would replace up to two introduction courses or the thematic course.

***Complementary courses

Complementary courses must be chosen from the following domains:

Arts and Aesthetics, Computer Science, Language of Mathematics, Modern Languages, and Science and Technology, and from subjects **NOT** used in your concentration (maximum of one course per ensemble per domain).

SOCIAL SCIENCE GRADUATION REQUIREMENTS

Program 300.A0 (300.CG) – *for students admitted to 300.CG as of Fall 2023 WITHOUT a Certificate of Eligibility for English Instruction (CoE-N)*

The following is an outline of the Social Science program. The outline indicates all graduation requirements as well as the order in which these are to be completed by full-time students. Continuing Education students should follow this order when choosing their courses.

N.B. Due to the limited course selection, it may not be possible to complete the Social Science program through Continuing Education.

	Semester 1 7 courses	Semester 2 8 courses	Semester 3 7 courses	Semester 4 8 courses
4 English	603-101-MQ	603-102-MQ	603-103-MQ	603-BXE
3 Humanities		345-101-MQ	345-102-MQ	345-BXH
12 Concentration:	383-1N1-DW Introduction to Economics	330-1N1-DW Introduction to Global History	T3 Introduction Course	T4 Introduction Course
Compulsory & Option	350-1N1-DW Introduction to Psychology	T2 Introduction Course or University Prereq	T3 Analysis 2	T4 Analysis 3
See explanation below*	T1 Introduction Course or University Prereq (See list below)	T2 Analysis 1	T3 Thematic or University Prereq	T4 Observation
4 Methodology	300-1R1-DW Introduction to Social Science Research	300-QA1-DW Quantitative Analysis	300-QL1-DW Qualitative Methods	300-1S1-DW Integrative Seminar
3 Physical Education	109-101-MQ	109-102-MQ		109-103-MQ
2 French		602-UF1-MQ Poésie, théâtre et écriture	602-UF2-MQ Comparaison d'œuvres littéraires	
2 Complementary <i>See explanation below***</i>	602-UF0-MQ Oeuvres narratives et écriture			Complementary 2

Other graduation requirements: 1. Épreuve uniforme de français

2. Comprehensive Examination

*Concentration courses (compulsory and option)

▪ In addition to the three compulsory courses in Psychology, History and Economics, you must choose **four** other introduction courses from the following:

Business Administration 401-1N1-DW, Anthropology 381-1N1-DW, Classics 332-1N1-DW, Geography 320-1N1-DW, Philosophy 340-1N1-DW, Political Science 385-1N1-DW, Religion 370-1N1-DW, Sociology 387-1N1-DW

You may choose up to **three** university prerequisite courses:

Behavioural Biology 101-B11-DW, Calculus I: Differential Calculus for Social Science 201-MA1-DW, Linear Algebra and Vector Geometry for Social Science 201-MA3-DW, Probability and Statistics for Social Sciences 201-MA4-DW

▪ You must pass **seven** courses at the introduction and/or university prerequisite course level; **three** at the analysis level; **one** at the thematic or university prerequisite course level; and **one** at the observation level. Analysis, thematic and observation courses can only be taken if the corresponding introduction level course has been completed.

You can choose up to three university prerequisite courses, which would replace up to two introduction courses or the thematic course.

***Complementary course

Complementary course must be chosen from the following domains:

Arts and Aesthetics,
Computer Science,
Language of Mathematics,
Modern Languages,
and Science and Technology,
and from subjects **NOT** used in your concentration.

PROGRAMS LEADING TO AN ATTESTATION OF COLLEGE STUDIES

COMMERCIAL PHOTOGRAPHY (840 Hours) NTA.1A

Program Admission Requirements

- A Secondary V diploma or equivalent.
- English language skills equivalent to placement at Preparation for College English or higher. Students may be required to take an English placement exam.
- A letter of intent explaining the applicant's reasons for seeking admission to the program and providing information about any pertinent work experience or background.
- Applicants are required to submit a portfolio of 25 to 30 images posted on a website or on an on-line gallery. Further information regarding portfolio content can be found on the Dawson College website, or by contacting Dawson College's AEC programs office.
- An admission interview will be required to assess the applicant's abilities, motivation and communication skills.

Refer to the website: www.dawsoncollege.qc.ca/aec for other admission requirements.

Description: The Commercial Photography Program provides instruction in various aspects of professional photography including advertising and editorial illustration, portraiture, catalogue photography, architectural photography, fashion photography, industrial photography and digital imaging.

Courses are designed to cover both theory and practice, and students learn to use the full potential of Digital Single Lens Reflex (DSLR) cameras, tungsten and electronic flash for studio or location lighting, and computer imaging software for output and media applications. Students are encouraged to develop a personal creative vision of the world through a mature and disciplined approach to commercial photography.

Numerous career opportunities exist for self-employed or staff photographers in areas such as advertising, public relations, portrait studios, editorial offices, government agencies and photography output service bureaus.

Goal: This program is designed to give graduating students the skills to perform commercial tasks typically done by self-employed or staff photographers in a manner that meets industry and professional standards.

Objectives: To provide graduates with the technical and visual skills necessary to allow them to enter such diverse photographic fields as advertising, portraiture, fashion, architecture, editorial photography and photo-journalism. In order to graduate, all students are required to present a portfolio, which demonstrates their competency.

Full-time evening Program

Scheduled to start: **August 21, 2023**

List of courses

Semester I	Semester II	Semester III	Semester IV
581-841-DW	570-842-DW	570-843-DW	570-844-DW
581-851-DW	570-891-DW	570-892-DW	581-852-DW
570-871-DW	570-872-DW	570-861-DW	570-853-DW
570-881-DW	570-882-DW	570-883-DW	570-884-DW

INDEPENDENT VIDEO GAME DESIGN (900 Hours) NWE.33

Program Admission Requirements:

- A Secondary V diploma or equivalent.
- English language skills equivalent to placement at Preparation for College English or higher. Applicants may be required to take an English placement exam.
- A letter of intent explaining the applicant's reasons for seeking admission to the program and demonstrating their interest in developing a career in independent video game design.
- Applicants are required to submit a portfolio of original work. Suggestions regarding portfolio content can be found on the Dawson College website, or by contacting Dawson College's AEC programs office.
- An interview will be required to assess the applicant's ability, motivation and communication skills.

Refer to the website: www.dawsoncollege.qc.ca/aec for other admission requirements.

Description: The ideal candidate wishes to pursue the artistic, technical and business training necessary to become an Independent Video Game Designer. The candidate must demonstrate proficiency in a discipline required for the creation of video games such as, but not limited to, drawing, animation, 3D modeling, level design, programming and game design. The candidate must exhibit a desire to be instructed in all of the above disciplines regardless of prior proficiency. The candidate should have good communication and teamwork skills, a sense of design and innovation, proficiency in working with computers, an entrepreneurial spirit, and be detail oriented.

Goal: The Independent Video Game Design Program has been designed to accelerate students toward a career in Independent Video Game Design; provide training in entrepreneurship and self-promotion; and foster existing artistic and technical skills related to video game design.

Objectives: Upon successful completion of the Independent Video Game Design Program, graduates will have acquired the skills and competencies to perform the tasks of an entry-level position related to the occupation of Game Designer in the Independent Video Game Industry. They will have acquired the underlying design and entrepreneurial competencies necessary to start their own independent game design micro-studio.

Graduates will be able to:

- Design basic original video games and intellectual property
- Create the art and audio assets required to produce a video game
- Make the video game playable through scripting using pre-existing models
- Develop a marketing strategy to promote their video game
- Work and communicate effectively with team members
- Present to, and communicate with, investors, publishers, distributors, and customers
- Produce a portfolio demonstrating their abilities in the video game industry
- Apply an entrepreneurial approach to a video game project

Full-time evening Program

Scheduled to start: **August 21, 2023**

COLLEGE POLICIES

ACADEMIC STATUS

Continuing Education students, should they wish to become regular full-time day students, must apply through the Admissions Office before specified deadline dates.

STANDING AND ADVANCEMENT

Students in Regular Programs including AECs (full-time and part-time) and Daytime Springboard to DEC Programs

To be in good standing and to register unconditionally, students must meet the requirements of the College's Standing Policy, as per Bylaw 8, and the requirements of their particular program's Standing and Advancement Policy. If the program's policy is more stringent than the College's policy, it (DEC or AEC) takes precedence. The Bylaw 8 can be found on the College's website. <https://www.dawsoncollege.qc.ca/wp-content/external-includes/spdocs/documents/bylaw-8-promotion-of-academic-successf2021.pdf>

Students denied permission to register under either of these policies have a right to appeal to the College's [Academic Standing Appeals Committee](#).

Students in Continuing Education Programs Not Leading to a DEC or an AEC

To be in good standing and to register (unconditionally), students must have passed 50% of their courses for the academic year (not including Summer School).

Students who do not meet the condition above will normally be permitted to register for a maximum of one course per term during the following academic year.

This restriction will be removed for the winter semester for students who pass the fall course.

Changes to a restricted course load can be authorized only by the Registrar or the appropriate dean (or delegate).

Students who are on a restricted course load and who do not pass their winter course may only register with the permission of the appropriate dean (or delegate).

PROMOTION OF ACADEMIC SUCCESS

The College's Board of Governors has approved Bylaw 8 concerning the promotion of academic success. This Bylaw addresses certain additional requirements that full-time students in a program will have to meet if they have failed courses. More information is available on the College's website under "About Dawson College".

INSTITUTIONAL STUDENT EVALUATION POLICY (ISEP)

OBJECTIVES

1. To ensure that information about the methods of evaluation of student learning employed at Dawson College is available to the College community and to the public at large.
2. To ensure that students receive clear, timely, and complete information about course and program content, objectives, standards, requirements, grading schemes, and evaluation instruments and methods.
3. To ensure that mechanisms exist for the development and application of suitable and equitable methods of evaluating student learning for each course and each program in the College.
4. To identify the various individuals and groups who are responsible for application of the policy and to define their roles and responsibilities.
5. To state the principles underlying the granting of course equivalences, substitutions, and exemptions, as well as the mechanisms by which these principles are implemented.
6. To state the mechanisms which are to be used by the College in granting attestations and recommending the granting of diplomas.
7. To ensure that a Comprehensive Examination has been developed and implemented for every DEC program in the College.
8. To ensure that mechanisms are in place to verify that students who graduate from programs have attained the objectives and met the standards set by the Ministry of Education and the College.
9. To ensure the existence and application of program advancement and academic standing policies.
10. To identify the mechanisms to be used in monitoring application of this policy.

The Dawson College Institutional Student Evaluation Policy (ISEP) contains important information on different topics including the following:

- **ROLES AND RESPONSIBILITIES**
(of all parties involved in the College)
- **ACADEMIC INTEGRITY POLICY**
- **ASSESSMENTS, GRADES, AND ACADEMIC STANDING**
- **GRIEVANCE AND MONITORING MECHANISMS**
(Academic Misconduct, Academic Grievance, Grade Review)
- **STUDENTS' RIGHTS AND OBLIGATIONS**
- **PROCEDURE FOR COMPREHENSIVE EXAMINATION**
- **PROCEDURE FOR TEMPORARY INCOMPLETE GRADES**
- **INFORMATION ABOUT FINAL EXAMINATIONS**
- **PROCEDURES FOR GRANTING EQUIVALENCES, SUBSTITUTIONS, AND EXEMPTIONS**
- **ACADEMIC HONOURS POLICY**
- **ACADEMIC GRIEVANCE AND FINAL GRADE REVIEW**
- **POLICY ON STUDENT AND EMPLOYEE IMMUNIZATION FOR CLINICAL COURSES OR HEALTH CARE INTERNSHIPS**
- **INCOMPLETE (IN) FOR AN AUTHORIZED ABSENCE**

Each topic is then divided into sections. The entire Dawson College Institutional Student Evaluation Policy (ISEP) can be found on the College's website.

<https://www.dawsoncollege.qc.ca/wp-content/external-include/spdocs/documents/bog-sen-02-isep.pdf>

CODE OF CONDUCT

Everyone who comes to work, attends class or visits the College campus has a right to not only a safe and healthy environment, but to be treated with respect and civility. These principles are the basis of Dawson's Code of Conduct Policy that applies to the entire Dawson Community, including students, employees, as well as visitors and contractors who come to the College.

The Code of Conduct can be found on the College's website.

<https://www.dawsoncollege.qc.ca/respect/>

Campus Map
