

This document is created from an article published on *UMass Amherst Information Technology* (<https://www.umass.edu/it>),

In this document you will find information about how to **add a quiz Activity to Moodle**

This article covers creating a Quiz activity and setting the options available on the activity settings page. Once you have added the quiz you must open it to add questions. See [Add or Edit Questions in a Moodle Quiz](#). You may also find it useful to look at our [An Overview of Quizzes in Moodle](#) article.

Add a Quiz Activity

1. On your course page, select **Turn editing on** (green pencil icon , top right or

 under the settings icon, top right ). Links and icons will appear on the page.

2. Locate the *Section* where you will add the Quiz. (If you are using the *Collapsed topics* format, open the *Section*.)
3. At the bottom-right of the *Section*, select **+ Add an activity or resource**. The *Activity chooser* will open.
4. In the *Activity chooser*, select **Quiz**. The activities will be listed in the alphabetical order and a description will be displayed at right.
5. Select **Add**. The *Adding a new Quiz* page will open.
6. Configure settings for the Quiz. For more information on these options, see [Configure Quiz Options](#) (below).
7. At the bottom of the page, click **Save and display**. The next step is to [Add or Edit Questions in Moodle Quiz](#) .
