PARTICIPANT'S BASIC LIFE INSURANCE

Retiree under age 65:

1 times the annual salary at the time of retirement, rounded up to the closest \$500

Retiree age 65 or over: \$5,000

DEPENDENTS' BASIC LIFE INSURANCE

Spouse:

If the death occurs:

- before the 65th birthday: \$10,000
- on or after the 65th birthday and before the 70th birthday: \$4,000
- on or after the 70th birthday: \$2,000

Dependent child: \$4,000

PARTICIPANT'S OPTIONAL LIFE INSURANCE

Retirees can reduce the number of units of Optional Life Insurance at any time, but may not increase it.

Persons retired on or after January 1, 2004

Under age 65 1 to 10 units of \$5 000

As of age 65 1 to 10 units of \$5 000

As of age 70 1 to 8 units of \$5 000

When the amount of Basic Life Insurance is reduced due to age, participants may obtain the equivalent amount in units of Optional Life Insurance coverage, without however exceeding the number of units available for their age group.

Persons retired before January 1, 2004

Retirees age 65 or over but under age 70:
1 to 8 units of \$5,000

Retirees age 70 or over on January 1, 2004:
1 to 2 units of \$5,000

Retirees who are age 70 on or after January 1, 2004 can maintain the amount of Optional Life Insurance they held immediately before reaching age 70

This folder summarizes the coverage offered under the *Association des retraitées et retraités de l'enseignement de la FNEEQ (AREF) group insurance plan*.

It was designed to make it easier for you to make your coverage selections on enrolment and includes the information most often accessed by insureds.

For a full description of the plan and for information on the applicable exclusions and reductions, please refer to the contract, which has been posted on the AREF and La Capitale websites or by registering for the Client Centre.

GENERAL INFORMATION

ELIGIBILITY

To be eligible for insurance, retirees must join the AREF and **maintain their membership**.

All dependents of a participant are eligible for insurance as of the same date as the participant if they are already a dependent, or as of the date on which they subsequently become dependents.

ENROLMENT

Enrolment in Health Insurance coverage¹ and Life Insurance is optional.

All applications must be submitted within 30 days following the date the retiree becomes eligible.

The decision to not enrol is irrevocable.

The 30-day deadline also applies to retirees who are insured under another group health insurance plan when they retire and who wish to enrol in the AREF's health insurance plan on account of the termination of their coverage under the other plan. Joining the AREF remains mandatory.

On the death of the participant, dependents may remain insured if the spouse becomes a member of the AREF.

1. This plan does not provide for the reimbursement of prescription drugs on the RAMQ list. Everyone who enrolls must register with the RAMQ plan. However, persons under age 65 who are eligible under a group insurance plan (for example spousal coverage) that reimburses prescription drugs on the RAMQ list must participate in that plan.

SUPPLEMENTARY INFORMATION

TRAVEL INSURANCE

Did you know that you'll need the information on the back of your service card when trying to contact the Assistor?

If you go on a trip, you're covered.

However, insureds who have a known illness or condition must ensure before departure that their health condition is **stable and under control**, that they can carry out usual daily activities and that they are experiencing no symptoms that may reasonably suggest that any complications may arise or that medical care may be required during the planned stay outside the province of residence. If you have any concerns, contact the Assistor at least 15 days before departure to obtain confirmation of insurance coverage under this benefit.

Certain exclusions and limitations apply to your coverage. Please carefully read the description of coverage in the contract before purchasing tickets.

A FEW DEFINITIONS...

Therapeutic devices

The term therapeutic devices refers to a device used for treatment and curative purposes in current medical practice. Domestic devices are not covered.

Corrective (deep) or orthopedic (custom made for the insured from a mould) shoes

These shoes must be sold by a specialized laboratory or establishment licensed and authorized under all applicable legislation in the insured's province of residence. A specialized establishment is one that has a laboratory for making adjustments and modifications on site.

Orthopedic equipment

The term orthopedic equipment refers to a technical device used to correct a functional deficiency or compensate for it.
