

Public Disclosure of Funds 2018-2019

In 2018-19, Dawson College was awarded a grant of \$49,364 from the Research Support Fund, all of which was used towards management and administration costs.

Salary offsets for research support staff (research coordinator, administrative technician) accounted for \$47,674. These staff play a central role in identifying and advertising funding opportunities, ensuring grant applications are complete and admissible, tracking institutional and REB approval, ensuring compliant post-award administration, and internal benchmarking, policy development, and report writing.

Professional development activities absorbed \$1690; these include membership fees for the Research Coordinator and her participation in various events in the Canadian Association for Research Administrators (CARA), Association pour la recherche au collégial (ARC) and l'Association des administrateurs et administratrices de recherche universitaire du Québec (ADARUQ) throughout the year. These training and information sessions are crucial to allow the College to remain competitive for funding by informing key personnel of new developments and providing networking and partnership development opportunities.
