

CARBON OFFSET CERTIFICATE

Presented to

Dawson College

for offsetting

2,687 tonnes of CO₂

These credits will be retired on behalf of Dawson College in the HIS Markit Registry upon issuance in February 2021

These offsets directly support Taking Root's social reforestation program in Nicaragua, which uses reforestation to restore ecosystems, improve livelihoods and tackle climate change.

Meet the participating farmers in the program [here](#)

30 May 2020
